The institution and its operation comply with the minimum standards established under the law for occupational instruction by private postsecondary educational institutions. California statute requires that a student who successfully completes a course of study be awarded an appropriate diploma or certificate verifying the fact. Prospective enrollees are encouraged to visit the physical facilities of the Academy and to discuss personal, educational, and occupational plans with Academy personnel prior to enrolling or signing enrollment agreements. The Academy has available, sponsored programs, government or otherwise, to provide grants or to pay for portions of tuition and fees. Please see the Financial...
Aid Information pages in this catalog for more details. The California Board of Barbering and Cosmetology sets minimum standards for the programs of study. The minimum number of class hours and the total class hours for each course, outlined in the Board’s Rules & Regulations booklet, must be met to qualify the student for licensure. Persons seeking to resolve problems or complaints should first contact the instructor in charge. Requests for any further action may be made in writing to Lynelle Lynch, President. EDUCATIONAL OBJECTIVES/MISSION STATEMENT

Our mission and educational objectives of our training programs are:

1. To produce graduates who are successful and remain in careers in cosmetology arts and sciences, the massage field, and/or related fields.
2. To constantly update programs so graduates can remain competitive in their chosen field.
3. To promote the continuing educational growth of the faculty, using current teaching methods and techniques.
4. To prepare the student to successfully pass the state exam (when required) for entry level employment – or – to prepare the student to be successfully certified by the Academy (when state exam is not applicable).
5. To provide advanced education and placement services.

GENERAL INFORMATION

NON-DISCRIMINATION POLICY
These institutions, in their admission, instruction and graduation policies, practice no discrimination on the basis of ethnic origin, color, age, race, creed, religion, sex, financial status or country or area of origin or residence.

STUDENTS WITH DISABILITIES
Bellus Academy does not discriminate on the basis of disability in admission or access to its programs, services, or activities of individuals who meet essential eligibility requirements. The Academies will provide reasonable accommodations for documented disabilities of individuals who are eligible to receive or participate in Academy programs, services, or activities.

RECORD RETENTION
The institutions maintain current records for a period of not less than five years at their principle places of business within the states of California and Kansas. Transcripts are maintained indefinitely.

INSTRUCTIONAL LANGUAGE
The academies are English-speaking facilities and all instruction is conducted in the English language. The academies do not offer English-as-a-second-language instruction. There is no level of English language proficiency required.

STUDENT ADVISORY SERVICES
Each Academy maintains an advisory service. It is recommended that any student who needs personal or educational advice, make an appointment with the Academy Director or Manager. No dormitories are available; however, careful attention and assistance are given to students to help them find satisfactory living quarters.

RECORD KEEPING
Student practice and theory hours are recorded daily on individual practical operation sheets and are posted to the computer on a weekly basis. These sheets are reviewed and signed by an instructor. Attendance hours from the time clock are downloaded to the computer daily. Roll call is taken daily in the classrooms at the start of the scheduled shift. Cumulative attendance hours are available for students to check weekly. Student progress reports are distributed at the time of the students’ Satisfactory Academic Progress reporting hour mark for their specific program or at minimum two (2) times during their program. Additional progress reports may be issued to students as requested or on an as needed basis determined by the instructor.

STUDENT RECORDS POLICY / PRIVACY / RELEASE OF INFORMATION (FERPA)
The academies comply with the Family Educational Rights and Privacy Act (FERPA) in regard to release of student information. Students (and/or authorized parent or guardian) have the right to view their file by setting up an appointment with the administrative office. Any information pertaining to a student’s Academy record will only be released upon written instructions and/or permission of the student (or parent or guardian if the student is a dependent minor). In all cases, when any record is being reviewed, a designated Academy representative will be present. The Academies’ accrediting agency (NACCAS), the state (California and Kansas) approval agencies, and other governmental agencies (ex. IPEDS, US Department of Education Gainful Employment regulations) automatically have the right of access to student records. The policy requires written consent for each request from third parties. The Academies do not release any information known as Directory Information.

COMPLAINT PROCEDURE
In California, a student or any member of the public may file a complaint about this institution with the Bureau for Private Postsecondary Education by calling 916.431.6959 (Toll-free 888.370.7589) or by completing a complaint form, which can be obtained on the Bureau’s internet web site www.bppe.ca.gov.

Persons seeking to file a complaint are advised to follow the procedure below:
1. Complainant must submit their concern to the Academy Director in writing.
2. The written complaint should outline the specifics of the complaint, as well as the requested action the student feels would rectify the situation. All written complaints are responded to within 10 days.
3. In the event that the complainant is not satisfied with the outcome of the above proceedings, they may pursue the matter further by contacting:

The complaint must be stated in writing. A complaint form may be made available through the above agencies.

**REQUIREMENTS FOR ADMISSION**

**Poway:**
Eligible students are those who have a high school diploma, General Educational Diploma (GED) Certificate or the equivalent. The Academy will verify the authenticity of the diploma prior to enrollment. If the diploma cannot be verified, the student may be asked to provide a final high school transcript showing the dates of entrance and graduation and the courses completed. If a transcript is not available, the student will be required to meet the ability to benefit (ATB) requirements or take and pass a GED test prior to enrollment.

**Ability to Benefit (ATB):** Prospective students who are beyond the age of compulsory attendance in the state of California (18 years of age), have a minimum 10th grade education, and have the ability to benefit from the training may also qualify for admission to the Academy. The ability to benefit from the training will be determined by taking and passing an entrance examination (ATB Test). The Academy utilizes the Wonderlic Basic Skills Test, independently administered by a proctor approved by the US Department of Education. Approved passing scores on this test are Verbal 200 and Quantitative 210. Students may also establish ability to benefit by enrolling in the Academy on a prepaid cash basis and completing, or transferring in, 225 clock hours in their selected program. When 225 clock hours have been satisfactorily completed, the student may be eligible for Financial Aid.

**NOTE:** Pursuant to H.R. 2055, Consolidated Appropriations Act, 2012, enacted on December 23, 2011, amending Section 484(d) of the Higher Education Act (20 U.S.C. 1091(d), new ATB students enrolling after July 1, 2012, will no longer be eligible to receive Financial Aid. To be eligible for Financial Aid students must have a High School Diploma, GED, or proof of completion of a State-approved home school program. Students who have been enrolled in a postsecondary institution under the ATB guidelines prior to July 1, 2012, would still be eligible to receive Financial Aid.

**Manhattan:**
Only students 16 years of age holding High School Diplomas, General Education Diploma (GED) Certificates or the equivalent will be admitted. The Academy will verify the authenticity of the diploma prior to enrollment. If the diploma cannot be verified, the student may be asked to provide a final high school transcript showing the dates of entrance and graduation and the courses completed. If a transcript is not available, the student will be required to take and pass a GED test prior to enrollment. Students must have attained the age of 17 before applying to take the Kansas Cosmetology Examination. Upon acceptance into the Academy, each student enrolled in cosmetology, esthetics or nail technology must have an Apprentice License issued by the Kansas Board of Cosmetology and must be free from infectious and contagious diseases.

**GED CERTIFICATION**

**CREDIT FOR PREVIOUS TRAINING**
Acceptance of hours from other approved schools and institutions is at the sole discretion of Bellus Academy. Students who have had prior training must furnish proof of the number of hours of training to the Academy. Transfer hours from another institution that are accepted toward the student’s educational program are counted as both attempted and completed hours for the purpose of determining when the allowable maximum time frame has been exhausted. The Academy only accepts transfer students under certain conditions. Students who discontinue their training program are eligible to transfer allowable hours per state law, providing certain Academy obligations have been satisfied.
Manhattan only: Within 30 days after enrollment of a transfer student, the Academy shall obtain verification of the student’s prior course of training including subjects, the number of hours, and practice services completed by the student, on a form approved and provided by the board from the state board or school in the state or jurisdiction where the transfer student completed the training. The Academy shall determine the subjects, hours and practice services of the transfer student’s prior course of training which conforms to the curriculum requirements in K.A.R. 69-3-8 and shall give the student credit for those subjects, hours and practice services.

**NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION**

The transferability of credits you earn at Bellus Academy is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the diploma or certificate you earn in any program at Bellus Academy is also at the complete discretion of the institution to which you may seek to transfer. If the diploma or certificate that you earn at this institution is not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending Bellus Academy to determine if your credits will transfer.

**TRANSFER OR ARTICULATION AGREEMENTS**

Poway only: Bellus Academy has entered into an articulation agreement with National American University to offer our Cosmetology graduates the opportunity to obtain an Associate Degree in Health and Beauty Management. NAU has physical locations throughout the Midwest and access to online learning options through the internet. For more information, visit the website at [www.national.edu](http://www.national.edu) or talk to your Admissions Representative.

**VETERAN’S POLICY STATEMENTS**

Probation policy – Standard of Progress, CFR 21.4253(d)(1), (d)(2) and (d)(4).

It is the policy of this institution that for individuals who are receiving Title 38 benefits who are on probation and whose grades and attendance averages remain less than satisfactory, benefits will be terminated in accordance with the Satisfactory Academic Progress and Probation Policies stated in this catalog.

Reinstatement / Re-Enrollment Policy – It is the policy of this institution that any student on any funding program, including Financial Aid, Veteran’s Assistance, etc., who withdraws from the institution, or is terminated, and is not making satisfactory progress at the time of withdrawal, may be able to re-enroll at a later time. Please refer to the Re-enrollment Policy in this catalog.

**GRADUATION REQUIREMENTS**

Students are eligible for graduation, providing they maintain a satisfactory grade in theory and clinical classes, have completed all assigned projects, maintained a passing average in theory, and either have paid their tuition in full or have entered into a payment plan agreement for payment of tuition. They must also have been in attendance for the required amount of clock hours as set forth in the course of instruction.

**DIPLOMAS and CERTIFICATES**

Students are issued a Diploma upon completion of programs leading to State or National licensing, or a Certificate, upon completion of programs that do not lead to licensure, evidencing graduation and satisfactory completion of the required clock hours. The student must have attained a satisfactory grade in all subjects covered, met the attendance requirements and satisfied all financial obligations, including payment in full of tuition charges or have entered into a payment plan agreement for tuition payments. Proof of training and academic transcripts will be released to appropriate licensing and certification agencies upon completion of the program. There is a $5 fee for each request for a duplicate diploma.

**REQUIREMENTS FOR STATE EXAMINATION**

In order to receive compensation for cosmetology or esthetic services provided, individuals must be licensed by the cosmetology boards in their respective states. Individuals providing massage services must be certified by the appropriate state and/or local agencies. Applicable students are eligible for examination given by the state, provided they have completed the selected course at a licensed school of Cosmetology. Academy programs meet or exceed the minimum requirements prescribed by the California and Kansas cosmetology boards for schools of cosmetology. Each exam applicant must have a current driver’s license or I.D. and Social Security number. In California exam candidates must be seventeen years of age and have completed the 10th grade or equivalent. In Kansas exam candidates must be seventeen years of age and have completed an accredited High School. Proof of training will be released to the appropriate licensing and certification agencies upon completion of the program when all academic and financial requirements have been met.

**COST OF STATE EXAMINATION / LICENSE**

Each exam cost varies. Check with the Academy office for current costs. Graduates must pass a Cosmetology or related examination in order to be issued a license in their respective state. Students must furnish their own model and pay their own traveling expenses. California Cosmetology state examinations are conducted in Glendale and Fairfield. Kansas Cosmetology state examinations are conducted at a location designated by the Kansas State Board of Cosmetology. The testing location will be provided to each candidate by the State Board Office upon application for their licensing exam. Students enrolled in massage programs that are a minimum of 500 hours in length, are eligible for a national test at the conclusion of their program.

**RULES AND REGULATIONS / GENERAL**

1. Professional conduct is the only level of conduct we expect from our students. The student is required to treat clients, instructors and fellow students with professional courtesy and awareness.
2. The Academies are closed on the following days in 2012:
   - New Year’s Day (01/01)
   - Memorial Day (05/28)
   - Fourth of July (07/04)
   - Labor Day (09/03)
   - Thanksgiving (11/22)
   - Christmas (12/25)
3. Makeup work will be assigned by way of oral, written, or practical assignment, depending on the judgment of the instructor as to which type of assignment would best benefit the student. Students may have to complete more than one assignment to meet their requirements.
4. Food and beverages may only be consumed in the student lounge and are not permitted on the clinic floors or in classrooms.
5. No smoking will be allowed in the buildings at any time. Smoking is permitted in designated areas only. This policy is for the health and safety of all students and staff. Smoking is not allowed within 20 feet of a building entrance or in front of any of our fellow businesses. Your cooperation is requested. In Kansas this policy must be rigidly enforced to comply with Manhattan City Ordinance No. 6737. The entire law may be viewed at http://www.ci.manhattan.ks.us/.
6. The Academies do not tolerate any unprofessional behavior. Such behavior includes lack of professional demeanor; stealing; willful destruction of Academy property; refusal of clinic work; disobedience or disrespect towards clients, another student, an administrator, faculty or staff member; unethical conduct in regard to cheating, plagiarism, copyright infringement, falsification or misrepresentation of material information in any records, financial documents or sign-in sheets, whether inadvertent or deliberate.
7. The Academies have Emergency Response and Evacuation Procedures in place. Evacuation routes are posted throughout the facilities.
8. The Academies do not require vaccinations.
9. The Academies have a Zero Tolerance Policy regarding activities creating a safety hazard to other persons at the Academy including, but not limited to, bullying, cyber-bullying, verbal abuse, sexual harassment, threats of violence, possession and/or use of drugs, alcohol or weapons, including mace or pepper spray, on Academy premises.
10. Information regarding drug and alcohol abuse prevention is presented to students and staff annually. Additional information is available in the student resource binder in the Academy Director’s office.
11. Detailed procedures and optional best practices are outlined in the Academies’ Guidelines for Success and other documents issued to the student prior to class start.
12. Violation of rules and regulations can result in probation, suspension, or termination/expulsion.

**TARDINESS POLICY**

Each student is very important to Bellus Academy. Regular attendance is essential to the successful performance of each of our programs and is especially important in the development of our future leaders in the Beauty and Wellness industry. Tardiness is considered unexcused time, as it is deemed unprofessional behavior. All tardy hours are calculated into the total allowable absence hours.

All students are expected to be in their appropriate roll-call room, clocked in and ready to study at their regular starting time and remain in the classrooms and/or on the campus until their regular scheduled quitting time, except when clocked out for lunch break. Students not physically present in class, per their class start time, are considered tardy.
Student attendance is monitored closely so that students maintain satisfactory progress. Failure to maintain the assigned class schedule may cause a student to be placed on probation, possibly resulting in the discontinuance of financial aid, which could increase the student's personal financial obligation to the Academy. Students should notify their instructor or call the Absent Hotline / front desk before the scheduled start time of their class if they are going to be late for school. Students should provide their full name, student ID number, the instructor's name (to notify them), and when they expect to be at school.

When a student shows up late for school, they cannot attend the Theory portion of class in progress. The student can choose to not clock in and leave the campus until the first scheduled break or clock in and have the Academy Director assign a task to be completed by the student until they are allowed to join the class in session. Tardy students will not get Theory hours for the day.

INDIVIDUAL CAMPUSES MAY HAVE VARYING START TIMES DEPENDING ON PROGRAMS OFFERED AT EACH CAMPUS. PLEASE SEE THE SCHEDULE POSTED AT THE TIME CLOCK AND/OR FRONT DESK AT YOUR LOCATION.

**ABSENCE POLICY**

Students must notify their instructor or call the Absent Hotline / front desk before the scheduled start time of their class if they are not able to attend school. Students should provide their full name, student ID number, the instructor's name (to notify them), the reason for being absent and when they expect to return.

Students on a schedule that includes mandatory Saturday attendance cannot be absent without prior approval from the Request Time Off Form (available from the Experience Coordinator) or other valid documentation. Unexcused Saturday absence will result in a one day suspension the following week. Suspended hours may not be made up.

**LEAVING EARLY**

In order to be granted time off for leaving early, students must submit the approved Request Time Off Form to the Experience Coordinator on duty. The request must be approved by their instructor, floor manager or the Academy Director. Submitting this form helps to avoid classroom interruptions and client scheduling issues.

If a student is clocked in and cannot be found on the campus by the instructor during a period of time, they will not get credit for any hours on that day from that point on.

**STUDENT LOCKERS AND PERSONAL ITEMS POLICY**

Students are responsible for their own personal property. The Academy is not responsible for loss or theft of personal items. All articles should be labeled with permanent marker or engraved with the student's name. Please note: Student lockers are subject to inspection at any time. State Board inspectors may ask to have personal lockers opened during a State Board inspection of the premises. It is grounds for a citation if inspectors do not have access to all facilities. Manhattan only: Each student will be assigned a locker for their training period. All personal belongings and all valuable equipment should be kept in the locker. This includes: purse, money, make-up, shoes, clothing, etc.

**ACADEMY UNIFORM**

Specific uniform requirements are issued to each student prior to class start. The required uniform includes the following:

- **Cosmetology**: Official Academy T-shirts (may be purchased prior to or on class start day) or solid black shirts or tops; solid black slacks; solid black dresses or skirts no shorter than the bottom of the finger tips and must be worn with tights or leggings.
- **Massage Courses**: Black Scrubs (set).
- **Esthetician**: White Academy smocks; solid black slacks.

**GRADING METHODS AND REPORTS**

The Academies maintain complete records on each student or graduate for reference, as required by law. All students receive a complete theory and practical test toward the end of the training program. This test simulates the actual state licensing exam procedure and constitutes a final exam. Individual tutoring, if needed, is available in preparation for the state examination.

Each student is graded on their theory and practical work, attendance, appearance, and attitude. The grading used is as follows:

- 94% - 100% = A = Outstanding
- 87% - 93% = B = Above Average
- 80% - 86% = C = Average
- 75% - 79% = D = Below Average
- Below 75% = F = Failing

Written progress reports are maintained by the Academies. These progress reports are distributed at the time of the students' Satisfactory Academic Progress reporting hour mark for their specific program or at minimum two (2) times during their program. Additional progress reports may be issued to students as requested or on an as needed basis determined by the instructor. A written report is kept and will be presented to any student who requests this record in the future.
**COMMUNITY PARTICIPATION**
The Academies frequently participate in community events, educational field trips, salon visitations, extended training sessions in product knowledge and technical instruction, and various other extra-curricular activities. Students who have achieved a minimum of 90% in both attendance and academics are eligible to accompany the Community Relations Coordinator in representing the Academies at these events.

**EXTERNSHIP PROGRAM (Poway Only) (As Available Only)**
The availability of Externship Programs varies and is dependent upon the number of salons and spas that have contracted with the Academies and the number of eligible of students. These programs are designed to develop proactive partnerships between salons and spas, the Academies and our students. Externships provide the students with real life, hands on experience at highly successful, dynamic and inspiring salons and spas. Students earn classroom hours while participating and assisting in salon and spa activities. Students who have achieved a minimum of 90% in both attendance and academics, have completed 60% of their course of study, and are current with their clinic operations may have the opportunity to participate in Externship Programs, if available. These programs are not a requirement for graduation.

**CAREER OPPORTUNITIES**
There are many opportunities for individuals entering the industry under the realm of Cosmetology, Nail Technician, Esthetics or Massage. Your goals can guide you to a lifetime career working in a variety of professional job roles. Entry-level employment opportunities for Cosmetologists, Nail Technicians, Estheticians and Make-up Artists are available in individual salons, salon chains, department stores, supply houses, and day spas. Estheticians, Massage Practitioners, Massage Therapists and Holistic Health Practitioners (HHP’s) can seek positions in medical arenas, such as med-spas, chiropractic offices, dermatology offices and cosmetic surgeons’ offices. The most successful graduates possess several personal qualities in addition to their acquired skills. These valuable qualities include, but are not limited to a variety of business and marketing skills, including above-average people skills, good communication abilities, a sound work ethic and confidence.

**PLACEMENT ASSISTANCE**
One of our primary goals is to provide the specialized, intensive training that will make our certified and/or licensed graduates highly employable. Our Academies work closely with salon owners and employers throughout the local regions so that all licensees are given an opportunity to secure a position that is the right one for them. Throughout your training, job search training is incorporated in your classes, and the Career Services Department is available if you have questions or need any assistance while you are in school. During your training, you will learn about the different salons and spas that are available, interviewing procedures, how to complete a job application, resumé preparation, and other valuable points you will need to know to help you land a great job after you are licensed. As you approach graduation, a Career Services representative meets with you to remind you of the different types of assistance the department offers, including resumé preparation, referrals and graduate follow-up. Job placement assistance remains an option for you even if you have been out of school for a while. Graduates are encouraged to keep in touch with the Academies and provide employment updates, and are always welcome to call for any information the Academies can assist with. Although the Academies work closely with our graduates through our placement assistance program, the Academies cannot guarantee employment.

**ALUMNI ASSOCIATION**
The Alumni Association supports the continued success of our licensed graduates by providing internationally acclaimed guest speakers, discounts on advanced education, discounts on professional products and equipment, development of a network of successful professionals, and providing extensive placement opportunities. Joining the Alumni Association keeps you informed of the latest events and trends in the industry.

**VOTER REGISTRATION**
In California you may register to vote by completing the online voter registration form at: https://www.sos.ca.gov/nvrc/fedform/ and then mailing it to the pre-printed address on the form. You may also register to vote whenever you apply for or renew your driver’s license or state-issued ID card. Voter registration forms are also available in the Admissions and Financial Aid offices at each campus. For more information, please visit the California Secretary of State website at: http://www.sos.ca.gov/elections/elections_vr.htm.

In Kansas you may register to vote by going in person to a voter registration site and filling out the voter form, or you may download the form at: http://www.kssos.org/forms/elections/voterregistration_pdf, print and complete the application then mail it. You also have the option of registering whenever you apply for or renew your driver’s license or state-issued ID card. Voter registration forms are also available in the Admissions and Financial Aid offices at each campus. For more information, please visit the Kansas Secretary of State website at: http://www.kssos.org/elections/elections_registration.html

**INTERNATIONAL STUDENTS (Poway Only)**
Bellus Academy campus in Poway is authorized under Federal law to enroll nonimmigrant alien students. Bellus Academy is authorized to issue I-20 documentation for M-1 visas for students who are enrolled at the Academies. The I-20 document is only valid for an M-1 visa that will allow the student to study at Bellus Academy for a specific period of time. Upon completion of the course or program, the student must leave the country within 30 days. The M1 visa is for students in vocational schools only and does not authorize external work experience.
International students must present valid proof of high school completion or a GED. Students who provide documentation in any language other than English will be required to have that documentation translated by an approved agency. An Admissions Representative can provide a list of approved translation services and service centers. In addition, students will be required to provide the Academy with financial records, to establish that they will have sufficient funds to cover the cost of tuition, materials and living expenses during their stay in the United States.

The Academies do not provide housing for international students but may be able to assist in researching suitable accommodations. Please refer to the website at http://bellus.och101.com/ for more information.

To obtain I-20 documentation for an M-1 visa, prospective students must complete the Academy Application, along with the I-20 Application. These forms may be obtained from an Admissions Representative or downloaded from the Academy website (www.bellusacademy.edu). For more specific information regarding the processing of I-20 and M-1 visa documentation, please contact an Admissions Representative at the campus of your choice.

ITEC CERTIFICATION
Bellus Academy graduates are eligible for international certification through ITEC, International Therapy Examination Council. ITEC is an international examination board, operating in over 38 countries worldwide offering a variety of qualifications. International Qualifications are available in 5 categories: Hairdressing, Beauty, Complementary, Sport and Business. For more information on ITEC, please visit the website at: http://www.itecworld.co.uk/.

LEARNING RESOURCES
Supplementary instructional resources are available to the students through online learning modules that are accessible either from their personal computers or through the computers that are available for student use in the Resource Room. Additional hard copy and CD/DVD instructional materials are also available in the Resource Room. Resources are available to students at any time during school hours. Items are only intended for on-site usage due to limited supplies.

The Cosmetology course of instruction consists of 1600 hours, the requirement for California State Board licensing. The program length for the Day Schedule is 46 weeks and the Evening Schedule is 64 weeks. Bellus Academy students are trained using the Bellus S.T.A.R. system, which utilizes verbal, written, visual and hands-on instruction throughout the classroom and clinic floor practicum. Along with high-quality technical training students will learn career development skills such as client consultation, business tracking systems, and marketing strategies incorporated in the Bellus Best in Business program as well as receiving Financial Literacy training. The following is a list of the state of California requirements for technical and practical criteria. The instructional program of our Academies meets or exceeds these requirements.

When the kit, its contents, and the textbooks have been issued to the student, they become the responsibility of that student. Kit supplies may vary due to manufacturer availability.

Note: The Academy provides sufficient supplies and informational material to each student to reinforce their learning. Such materials are issued based on instructional subject areas.
The Cosmetology 102 course of instruction consists of 1750 hours and combines the 1600-hour basic Cosmetology course required for the state board license with the 150-hour Make-up Artistry course. The program length for the Day Schedule is 50 weeks and the Evening Schedule is 70 weeks. The Make-up Artistry portion of the program utilizes the Make-up Designory (MUD) curriculum and adds an additional level of skills to the student’s training and expertise. Cosmetology students are trained using the Bellus S.T.A.R. system, which utilizes verbal, written, visual and hands-on instruction throughout the classroom and clinic floor practicum. The Cosmetology 103 course of instruction consists of 1750 hours and combines the 1600-hour basic Cosmetology course, required for the California license, with the 150-hour Advanced Cut and Color course. The program length for the Day Schedule is 50 weeks and the Evening Schedule is 70 weeks. The Advanced Cut and Color course is a 150-hour program that offers the very latest in inspirational cutting and color techniques utilizing the most recent Wella Trend Vision training. The course provides enhanced expertise in Classic Cutting and Coloring to equip the student with techniques and cutting methods current in the industry. Bellus Academy students are trained using the Bellus S.T.A.R. system, which utilizes verbal, written, visual and hands-on instruction throughout the classroom and clinic floor practicum. Along with high-quality technical training students will learn career development skills such as client consultation, business tracking systems, and marketing strategies incorporated in the Bellus Best in Business program as well as receiving Financial Literacy training. The following is a list of the state of California requirements for technical and practical criteria and the components of the Advanced Cut and Color modules. The instructional program of our Academies meets or exceeds these requirements.

The Esthetician 103 course is a 1200 hour program combining 600 hours of basic skin care training required for state board licensing, and 600 hours of the Master Esthetics program. The program length for the Day Schedule is 40 weeks and the Evening Schedule is 48 weeks. The Master Esthetics course is offered to students who are licensed Estheticians or Cosmetologists or who have completed a State-approved 600-hour basic esthetician program. The Master Esthetics program provides advanced clinical Esthetics skills, safety judgments, proper work habits, and desirable attitudes and competencies to work in a clinical or medical esthetic setting. Along with high-quality technical training students will learn career development skills such as client consultation, business tracking systems, and marketing strategies incorporated in the Bellus Best in Business program as well as receiving Financial Literacy training. The following is a list of the state of California requirements for technical and practical criteria. Our curriculum meets or exceeds the minimum standards.

The Esthetician 105 course is a 1450-hour program combining the 600-hour basic Esthetician course, required for California state board licensing, with the 250-hour Massage Practitioner course, the minimum requirement for California massage certification, followed by the 600-hour Master Esthetics course. The program length for the Day Schedule is 49 weeks and the Evening Schedule is 58 weeks. This program adds additional layers of training and certification opportunities to broaden the student’s areas of expertise and enhance employability. Along with high-quality technical training students will learn career development skills such as client consultation, business tracking systems, and marketing strategies incorporated in the Bellus Best in Business program as well as receiving Financial Literacy training. The following is a list of the state of California requirements for technical and practical criteria. Our curriculum meets or exceeds the minimum standards.

**Massage Practitioner – 250 Hours**

Introduction to the Science of Anatomy and Physiology:

The program covers the remaining body systems, endocrine, cardiovascular, lymphatic, digestive, respiratory, urinary, integumentary, and reproductive including pathology for each system. Critical assessment and clinical thinking is developed during the course so that the massage practitioner can develop treatment plans for their clients.

**Introduction to Swedish Massage:**

This course introduces the students to hand-on skills that are the ground work used with various massage techniques. This course helps in developing communication skills, draping techniques, the benefits and contraindications of massage. Students will learn the foundations of massage strokes that include effleurage, petrissage, friction, vibration, tapotement and range-of-motion techniques. In order for a massage to be performed properly, the student will become aware of using the fundamentals of body mechanics and correct wrist and hand alignment.

**Advanced western techniques:**

- Introduction to Myofascial release and Trigger Point Therapy to aid in the relief of chronic pain
- Introduction to sports massage that involve Proprioceptive Neuromuscular Facilitation (PNF), Muscle Energy Techniques (MET) and Range-of-Motion Techniques (ROM)
- Introduction to Hydrotherapy applying heat and cold in the forms of water, steam and ice
- Introduction to Lymphatic Drainage Massage to aid in supporting immunity and to help with a variety of conditions

These advanced western modalities include: Deep Tissue methods, Sports massage, Pregnancy massage, and Chair massage

**Note:** Basic Human Anatomy and Physiology, Health and Sanitation, Business Practices and Product Knowledge and Job preparation are incorporated throughout the 250-hour technical and practical training program.

**Massage Practitioner – 250 Hours**

Introduction to the Science of Anatomy and Physiology:

Anatomy and physiology is taught in each module of the program. You will be introduced to the various levels of organization in the human body.

Course includes:

- Understanding the major body systems, tissues, organs, and functions of each.
- Anatomical and medical terminology.
- Examining the skeletal system, emphasizing its role in movement and posture analysis.
- An in-depth study of the muscular system involving their location, origins, insertions, actions and postural considerations.
- Exploring the nervous system and analyzing the basic kinds of cells that make up a nerve tissue and the physiology of a nerve impulse involving neurotransmitters that effect transmission across the synapse.
- Exploring points of endangerment, entrapment, spinal cord, spinal nerves, nerve plexus and terminal nerve pathways are examined to understand how the nervous system affects pain.

The program also covers the remaining body systems, endocrine, cardiovascular, lymphatic, digestive, respiratory, urinary, integumentary, and reproductive including pathology for each system.

Critical assessment and clinical thinking is developed during the course so that the massage practitioner can develop treatment plans for their clients.

The Master Esthetics course is a 600-hour program offered to students who are licensed Estheticians or Cosmetologists or who have completed a State-approved 600-hour basic esthetician program. California State Law requires a minimum of 600 hours to be completed in a basic esthetician program at a licensed cosmetology school to apply for an esthetician license. The program length for the Day Schedule is 20 weeks and the Evening Schedule is 24 weeks. The Master Esthetics program offers additional layers of training and expertise that may enhance employability. The objective of the program is to provide advanced clinical Esthetics skills, safety judgments, proper work habits, and desirable attitudes and competencies to work in a clinical or medical esthetic setting. Along with high-quality technical training students will learn career development skills such as client consultation, business tracking systems, and marketing strategies incorporated in the Bellus Best in Business program as well as receiving Financial Literacy training. Our curriculum meets or exceeds the minimum standards. The following is a list of requirements that must be met during the course of study.

**MASTER ESTHETICS INSTRUCTIONAL MATERIAL** is updated periodically and includes, but is not limited to:

- Esthetician Texts/Workbooks
- Tunic
- Clarisonic Brush
- Kabuki Brush
- NuFACE
- Kerstin Florian Kit

When the kit, its contents, and the textbooks have been issued to the student, they become the responsibility of that student. Kit supplies may vary due to manufacturer availability.

Note: The Academy provides sufficient supplies and informational material to each student during their course of study, to reinforce their learning. Such materials are issued based on instructional subject areas.

The Master Esthetics 102 course is a 750-hour program that combines the 600-hour Master Esthetics course with the 150-hour Make-up Artistry course utilizing the Make-up Designory (MUD) curriculum. The program length for the Day Schedule is 25 weeks and the Evening Schedule is 30 weeks. The Make-up Artistry portion of the program adds an additional level of skills to the student’s training and expertise. The program is offered to students who are licensed Estheticians or Cosmetologists or who have completed a State approved 600-hour basic esthetician program. California State Law requires a minimum of 600 hours to be completed in a basic esthetician program at a licensed cosmetology school to apply for an esthetician license. The objective of the program is to provide advanced clinical Esthetics skills, safety judgments, proper work habits, and desirable attitudes and competencies to work in a clinical or medical esthetic setting. Along with high-quality technical training students will learn career development skills such as client consultation, business tracking systems, and marketing strategies incorporated in the Bellus Best in Business program as well as receiving Financial Literacy training. Our curriculum meets or exceeds the minimum standards. The following is a list of requirements that must be met during the course of study.

**CURRICULUM: MASSAGE PRACTITIONER – SOC Code 31-9011 – Poway**

The Massage Practitioner course of instruction consists of 250 hours of training, the minimum requirement for California massage certification. The following is a list of requirements which must be met during the course of study. The program length for the Day Schedule is 8 weeks and the Evening Schedule is 9 weeks. Our curriculum meets or exceeds the state requirements.

**Introduction to the Science of Anatomy and Physiology:**

Anatomy and physiology is taught in each module of the program. You will be introduced to the various levels of organization in the human body.

Course includes:

- Understanding the major body systems, tissues, organs, and functions of each.
- Anatomical and medical terminology.
- Examining the skeletal system, emphasizing its role in movement and posture analysis.
- An in-depth study of the muscular system involving their location, origins, insertions, actions and postural considerations.
- Exploring the nervous system and analyzing the basic kinds of cells that make up a nerve tissue and the physiology of a nerve impulse involving neurotransmitters that effect transmission across the synapse.
- Exploring points of endangerment, entrapment, spinal cord, spinal nerves, nerve plexus and terminal nerve pathways are examined to understand how the nervous system affects pain.

The program also covers the remaining body systems, endocrine, cardiovascular, lymphatic, digestive, respiratory, urinary, integumentary, and reproductive including pathology for each system.

Critical assessment and clinical thinking is developed during the course so that the massage practitioner can develop treatment plans for their clients.

**Introduction to Swedish Massage:**

This course introduces the students to hand-on skills that are the ground work used with various massage techniques. This course helps in developing communication skills, draping techniques, the benefits and contraindications of massage. Students will learn the foundations of massage strokes that include effleurage, petrissage, friction, vibration, tapotement and range-of-motion techniques. In order for a massage to be performed properly, the student will become aware of using the fundamentals of body mechanics and correct wrist and hand alignment.

**Advanced western techniques:**

- Introduction to Myofascial release and Trigger Point Therapy to aid in the relief of chronic pain
- Introduction to sports massage that involve Proprioceptive Neuromuscular Facilitation (PNF), Muscle Energy Techniques (MET) and Range-of-Motion Techniques (ROM)
- Introduction to Hydrotherapy applying heat and cold in the forms of water, steam and ice
- Introduction to Lymphatic Drainage Massage to aid in supporting immunity and to help with a variety of conditions

These advanced western modalities include: Deep Tissue methods, Sports massage, Pregnancy massage, and Chair massage

**NOTE:** Basic Human Anatomy and Physiology; Pathology; Health, Safety, Sanitation and Infection Control; Business Practices, Job Preparation, including Licensing and certification requirements and Professional Ethics; and Product Knowledge and are incorporated throughout the 250-hour technical and practical training program.

**MASSAGE PRACTITIONER INSTRUCTIONAL MATERIAL** is updated periodically and includes, but is not limited to:

- Textbooks
- Massage Kit

When the kit, its contents, and the textbooks have been issued to the student, they become the responsibility of that student. Kit supplies may vary due to manufacturer availability.

Note: The Academy provides sufficient supplies and informational material to each student during their course of study to reinforce their learning. Such materials are issued based on instructional subject areas.
The Massage Therapy course is a 700-hour course that prepares students to become Massage Therapists. The program length for the Day Schedule is 23 weeks and the Evening Schedule is 28 weeks. The minimum requirement for certification as a Massage Therapist in the State of California is 500 hours. The additional 200 hours in this program presents students with Advanced Spa Techniques and adds an additional level of skills to the student’s training and expertise. Along with high-quality technical training students will learn career development skills such as client consultation, business tracking systems, and marketing strategies incorporated in the Bellus Best in Business program as well as receiving Financial Literacy training. Introduction to Eastern Bodywork and Theory
This course provides understanding to the fundamental concepts of Toa, Yin and Yang, Five-Element Theory, Qi, and the study of the 12 meridian energetic pathways of our body. Analysis of each organ system is explored in the eastern medicine methods along with the basic patterns of disharmony within the various organ systems.

The student will develop methods within the Five-Element Theory framework of Bo Shin (looking), Bun Sin (listening, smelling), Mon Sin (asking), Setsu Shin (touching). Students will learn how to design a treatment plan to meet the specific needs of each client.

These modalities will include: Shiatsu and Thai Massage.

Alternative Cultural Techniques:
Introduction to Reflexology, Introduction to Ayurvedic Massage, Reiki, Chakra Balancing.

Advanced Spa Techniques
This course will provide methods of how to perform a spa like Body wrap. The student will understand about products applied to body. These products include the use of algae, seaweed, mud or clay detoxifying and rid the body of toxins through metabolic stimulation.

Students will also perform body wraps using shea butter and rich lotions. They will understand that these methods are for hydrating the body geared towards softening the skin.
Exfoliating methods are also learned in this course. These methods, usually known as salt glows using sea salts or sugar combined with oils are practiced.

*Wet room, Vichy Shower, Hydro Tub, and Dry room* styles are performed.

This is a course of study in the services, theories and principles of Esthetics. The minimum length of the course is 1000 clock hours. The program length for the Day Schedule is 29 weeks. Bellus Academy esthetic students are trained using the Bellus Academy System of education, which utilizes verbal, written, visual and hands-on instruction throughout the classroom and clinic floor practicum. Along with high-quality technical training students will learn career development skills such as client consultation, business tracking systems, and marketing strategies incorporated in the Bellus Best in Business program as well as receiving Financial Literacy training. Listed below are units of study requirements for Kansas technical and practical criteria. Our curriculum meets or exceeds the minimum standards.

Course Objectives:
Upon completion of the 1000-hour course, the student will have had the opportunity to acquire the technical abilities and the academic theories in compliance with the requirements of the Kansas Board of Cosmetology. The skills and theories of each service are presented in a progressive manner permitting each student to acquire the maximum degree of technical ability and knowledge in a minimal length of time.

UNITS OF STUDY
The following units of study are established in our esthetics program. Listed below the topics are the subject descriptions that incorporate all areas required by the State Board of Cosmetology for licensure. Following the subject description section is a list of items/ areas covered in each subject. An esthetics student shall not work on the public until the student has completed 130 hours of training.

CURRICULUM: MASSAGE THERAPY – SOC Code 31-9011 – Manhattan

This course of study is based on the principles of Swedish massage that provide the solid foundation for other massage modalities to build upon. The minimum length of the program is 840 clock hours. The program length for the Day Schedule is 24 weeks and the Evening Schedule is 34 weeks. Bellus Academy massage therapy students are trained using the Beck methodology system, which utilizes verbal, written, visual and hands-on instruction throughout the classroom and clinic floor practicum. The program offers hands-on practice and theory generally presented in an alternating schedule so the theory portion is followed by hands-on demonstrations and supervised practice whenever possible. During a “Mock Clinic” phase students will refine their hands on skills, advance their knowledge and techniques to the next level, and build the confidence necessary for them to succeed in their new careers. Along with high-quality technical training students will learn career development skills such as client consultation, business tracking systems, and marketing strategies incorporated in the Bellus Best in Business program as well as receiving Financial Literacy training.

Course Objectives:
Upon completion of the 840 hour course, the student will have been fully trained, evaluated and approved of their technical abilities; and will have achieved or exceeded a 75% GPA for the academic (theory) portion of the program. Students must also achieve approximately 250 hours of hands-on practice that incorporates both classroom training and supervised clinic appointments. After graduation from the program, it is strongly recommended that our students take one of the licensing or certification exams (MBLEx or NCE), not yet required in Kansas, but to be prepared to meet future requirements.

Massage Modalities Studied:
Swedish; Therapeutic; Athletic/sports; Reflexology, Chair; Hydro-therapy/Heated Stone; Pre-natal/Infant; Aromatherapy; Trigger point Release; MET; Deep Tissue Techniques and Therapeutic Stretching. Massage students may be introduced to other modalities such as MLD (manual lymph drainage), Cranio-sacral Therapy or Acupressure, which would require more extensive or advanced training after graduation from our program.

Massage Theories Studied include:
Historical overview of Massage; Business; Ethics; Safety & Sanitation; Products and Equipment; Anatomy, Physiology, Kinesiology and Pathology; indications & contraindications for Massage; Effects & Benefits of Massage; Consultation; SOAP Charting; Requirements for Practice; Massage in the spa; Nursing home & Special needs clients; Business & marketing practices and Pathology for massage practitioners.

Units of Study
The following units of study are established in our massage therapy program. Listed below the topics are the subject descriptions that incorporate all areas required by NCBTMB to apply for certification exam. Following the subject description section is a list of items/areas covered in each subject.

CONSUMER INFORMATION

CIP CODES
US Department of Education regulations as of July 1, 2011, require the Academy to identify programs by Classification of Instructional Programs (CIP) Codes, with links to the US Department of Labor/Employment and Training Administration’s Occupational Information Network (O*Net). CIP Codes were developed by the U.S. Department of Education’s National Center for Education Statistics (NCES) to provide a method for tracking and reporting program activity that is common to all institutions. For more information regarding CIP Codes please visit the website at nces.ed.gov/ipeds/cipcode.

SOC CODES
NACCAS accrediting agency policies as of July 1, 2011, require the Academy to identify programs by Standard Occupational Classification (SOC) Codes. The SOC system is used by Federal statistical agencies to classify workers into occupational categories. Detailed occupations with similar job duties, and in some cases skills, education, and/or training, are grouped together. For more information regarding SOC Codes please visit the website at www.bls.gov/SOC/.

O*NET
The O*NET program is the nation's primary source of occupational information. Central to the project is the O*NET database, containing information on hundreds of standardized and occupation-specific descriptors. Utilizing the SOC Codes, O*Net provides easy to read career reports that include the most critical on-the-job tasks and skills. Job seekers can also find local salary information and training opportunities. For more information regarding O*Net please visit the website at www.onetcenter.org/overview.html.

TERMS OF PAYMENT
In addition to Financial Aid Assistance for qualifying students, individual financing and payment programs are available. Monthly payments vary according to down payment, applicable fees, any interest accrued and the length of time (number of months) defined in the payment contract.

TUITION AND FEES
Tuition and fees are due and payable on the first day of class. Payments are accepted by cash, check or credit card. For those students using financial aid, payments are due when the aid is received at the Academy.

Students who do not make payment arrangements or fail to make their scheduled payments, may be subject to any one or all of the following: suspension, termination and/or the student's account turned over to collections.

The student is responsible for all contracted tuition, registration, equipment, kit and overtime fees before final paperwork is released.

OVERTIME CHARGES
Poway students are allowed to miss 7.5% of the total hours contracted. (See Fee Schedule in this catalog for specific hours.) Overtime occurs when a student has not completed their program of study by their stated completion hours. If training is not completed by the prescribed time limit, the student will be required to pay tuition at the current hourly rate after their stated completion hours until the time the student meets the graduation requirements. Students must meet with Financial Aid to determine a payment plan at the time that overtime charges begin to accrue.

Manhattan students are allowed to miss a specified number of hours, depending on their program. (See Fee Schedule in this catalog for specific hours.) Overtime occurs when a student has not completed their program of study by their stated completion hours. If training is not completed by the prescribed time limit, the student will be required to pay tuition at the current hourly rate after their stated completion hours until the time the student meets the graduation requirements. Students must meet with Financial Aid to determine a payment plan at the time that overtime charges begin to accrue.

SCHOLARSHIPS
Scholarships may be offered periodically. Institutional scholarships are offered for specified time periods and, if awarded, are reflected as a tuition allowance. All students who enroll during that time period are eligible for the scholarship. Ask your Admissions Representative for information regarding current scholarships that may be available.

CONSUMER INFORMATION: FINANCIAL AID APPLICANTS

ELIGIBILITY REQUIREMENTS
Students must meet certain eligibility requirements to receive Federal Student Aid (FSA) funds*. Students must:

1. Provide documentation of either a high school diploma or a General Education Diploma (GED) certificate. In California, in absence of a diploma or GED certificate, a student may opt to take the Ability to Benefit (ATB) exam and receive a passing grade or may also establish ability to benefit by enrolling in the Academy on a prepaid cash basis and completing, or transferring in, 225 clock hours in their selected program. When 225 clock hours have been satisfactorily completed, the student may be eligible for Financial Aid.

2. Be enrolled in an eligible program.

3. Have a valid Social Security card.

4. Register with Selective Service if required.

5. Be either a U.S. citizen or a permanent resident.

6. Not be in default with any federal student loans, nor owe an overpayment on any federal student aid grant.

*Some students may not be eligible based on drug related offenses.

APPLICATION PROCEDURE
The first step in applying for Title IV Federal Financial Aid is to complete the Free Application for Federal Student Aid (FAFSA) at www.fafsa.ed.gov. Additionally, the student (or parent if applicable) may need to complete any one or all of the following:

1. Loan entrance counseling
2. Authorization form
3. Promissory note
4. Parent PLUS loan request form and promissory note
5. Verification worksheet
6. Payment options

CRITERIA FOR SELECTION OF ELIGIBLE APPLICANTS
Students who are eligible for Title IV Financial Assistance are accepted for enrollment if they have met all of the admission requirements of the Academy and have established a class start date convenient for the student and the Academy.

DETERMINING THE AMOUNT OF YOUR FINANCIAL AID
Upon completion of the FAFSA, the student is given an Expected Family Contribution (EFC) number. The EFC is used to determine how much and what kind of financial aid a student is eligible for. In addition to the EFC, the direct and indirect costs of the program, enrollment status, length of enrollment, and funds available at the Academy will also impact award amounts. The Financial Aid office will provide entrance and exit counseling utilizing the Department of Education online website applications at www.studentloans.gov.

DISBURSEMENTS
Financial aid funds are disbursed at evaluation periods for completed hours. Please refer to the Satisfactory Academic Progress policy in this catalog for further details. FSEOG funds are disbursed at the same time as other financial aid funds, but are only available in the first academic year on a first-come, first-served basis.

FINANCIAL AID PROGRAMS
All Bellus Academy campuses administer federal programs of student assistance including:

- **Pell Grant (FPELL):** Federal Pell grants are awarded to students who have not earned a bachelor's or professional degree. Because they are grants, funds are not typically repaid (unless you withdraw from school prior to the end of the award period). Eligibility is determined according to need, number of hours in the academic program, and the cost of attendance.

- **Supplemental Educational Opportunity Grant (SEOG):** This program is for students with exceptional financial need. Your eligibility can be determined after review of your PELL eligibility.

- **William D. Ford Federal Direct Loans:** The Direct Loan program provides educational loan(s) that must be repaid, with interest, even if you do not complete your academic program. Loans may be obtained through the William D. Ford Federal Direct Loan Program. Generally, all students who complete a FAFSA and are not in default on any previous federal student loan(s) are eligible for the program. Loans obtained through this program are lower fixed interest rate loans that are guaranteed by the U.S. Department of Education. A student can apply for Direct Loans through the Academy’s Financial Aid Department.

  - **Federal Subsidized Loan:** The Subsidized Loan is awarded to students who demonstrate financial need. Subsidized loans do not charge the borrower with interest on the amount borrowed while in school and up through a six month grace period after leaving school.

  - **Federal Unsubsidized Loan:** The Federal Unsubsidized Loan allows students to borrow a Federal Direct Loan who did not demonstrate sufficient financial need for the subsidized version. The same terms and conditions as the Subsidized Loan apply, except that the borrower is responsible for interest that accrues while she/he is in school and after leaving school. Generally, you may choose to make interest payments...
on the loan while you are in school or have the interest added to your principal balance (capitalized) when your repayment schedule begins (six months after leaving school).

Federal Parent PLUS Loans: The Federal Parent PLUS loan is available to parents of dependent students with good credit to help pay their child’s educational expenses. PLUS loans are not based on need. They can be combined with other financial aid resources and cannot exceed the student’s cost of education.

Workforce Investment Act: Bellus Academies in California are qualified training providers offering employment training for adults and dislocated workers. For more information, please visit the Employment Development Department website at http://etpl.edd.ca.gov/wiaetplind.htm.

Veterans Educational Benefits: Bellus Academy is approved for Veterans Educational Benefits. Currently the Academies participate in Chapter 30 (Montgomery GI Bill) and Chapter 35 (Dependants Educational Assistance). Beginning in October, Chapter 33 (Post-9/11 G.I. Bill) will be available. Bellus Academy graduates are eligible for international certification through ITEC, International Therapy Examination Council. For more information on veterans benefits, please see your Admissions Representative. For more information on ITEC, please visit the website at: http://www.itecworld.co.uk/.

MyCAA: Military Spouse Career Advancement Accounts (MyCAA) provide financial assistance for educational purposes for qualified military spouses meeting eligibility requirements. For information regarding amounts and eligibility please visit the website at: www.militaryonesource.com/MOS/FindInformation/Category/MilitarySpouseCareerAdvancementAccounts.aspx.

Tuition Flex: The Academies offer multiple, flexible payment plan options through Education Loan Source. These payment plans allow students to spread payments over a pre-set period of time, as opposed to paying the full amount up-front. Students choose the program that best fits within their budget. An interest rate may apply depending on the plan chosen. No credit check is required at the time of application, and the process is completed 100% online using an e-signature validation.

FINANCIAL AID PROGRAMS – (Manhattan Only)
In addition to the above programs, Bellus Academy – Manhattan offers financial assistance through Sallie Mae Career Training Loans. Eligibility and student need are based on the Sallie Mae Career Training Loan program requirements. Any student interested in applying for a Sallie Mae Career Training Loan may contact the financial aid department at the Academy.

ADDITIONAL INFORMATION
If a student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund. If the student has received federal student financial aid funds, the student is entitled to a refund of the moneys not paid from federal student financial aid program funds.

For more information regarding student and parent loans, please refer to the US Department of Education publication, “Funding Education Beyond High School” at www.edpubs.gov/document/EN0990P.pdf, or visit the website at www.studentloans.gov.

Financial Aid Officers are available at all campuses from 9 am to 5 pm, Monday through Friday, or by appointment.
STUDENT TUITION RECOVERY FUND (STRF) (Poway Only)

You must pay the state-imposed assessment for the Student Tuition Recovery Fund (STRF) if all of the following applies to you:

1. You are a student in an educational program, who is a California resident, or are enrolled in a residency program,* and prepay all or part of your tuition either by cash, guaranteed student loans, or personal loans, and
2. Your total charges are not paid by any third-party payer such as an employer, government program or other payer unless you have a separate agreement to repay the third party.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if either of the following applies:

1. You are not a California resident, or are not enrolled in a residency program, or
2. Your total charges are paid by a third party, such as an employer, government program or other payer, and you have no separate agreement to repay the third party.

The State of California created the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic losses suffered by students in educational programs who are California residents, or are enrolled in a residency program attending certain schools regulated by the Bureau for Private Postsecondary Education.

You may be eligible for STRF if you are a California resident or are enrolled in a residency program, prepaid tuition, paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The school closed before the course of instruction was completed.
2. The school’s failure to pay refunds or charges on behalf of a student to a third party for license fees or any other purpose, or to provide equipment or materials for which a charge was collected within 180 days before the closure of the school.
3. The school’s failure to pay or reimburse loan proceeds under a federally guaranteed student loan program as required by law or to pay or reimburse proceeds received by the school prior to closure in excess of tuition and other cost.
4. There was a material failure to comply with the Act or this Division within 30 days before the school closed or, if the material failure began earlier than 30 days prior to closure, the period determined by the Bureau.
5. An inability after diligent efforts to prosecute, prove, and collect on a judgment against the institution for a violation of the Act.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

*Residency Program means an educational program at an approved institution of which some portion of the instruction occurs as defined in section 71715(c). [Section 71715(c) - Direct instruction requires the physical presence of one or more students and one or more faculty members at the same location. Direct instruction includes instruction presented in a classroom, seminar, workshop, lecture, colloquium, laboratory, tutorial, or other physical learning settings consistent with the mission, purposes, and objectives of the institution.]
INSTITUTIONAL REFUND POLICY

STUDENT’S RIGHT TO CANCEL

1. A student has the right to cancel his or her agreement for a course of instruction, without any penalty or obligations, through attendance at the first class session, or the seventh calendar day after enrollment, whichever is later. After the end of the cancellation period, you also have the right to stop school at any time; and you have the right to receive a pro rata refund if you have completed sixty (60) per cent or less of the program. Changes to programs, i.e. Drops and/or Adds, can only be made during the first 7 calendar days of the program.

2. Cancellation may occur when the student provides a written notice of cancellation at the following addresses: Bellus Academy – Poway, 13266 Poway Road, Poway, CA 92064; Bellus Academy – Manhattan, 1130 Westloop Place, Manhattan, KS 66502 This can be done by mail, FAX, email or by hand delivery.

3. The written notice of cancellation, if sent by mail, is effective when deposited in the mail properly addressed with proper postage.

4. The written notice of cancellation need not take any particular form and, however expressed, it is effective if it shows that the student no longer wishes to be bound by the Enrollment Agreement.

5. If the Enrollment Agreement is cancelled, within 45 days after the notice of cancellation is received, the Academy will refund the student any money he/she paid, less a registration or administration fee not to exceed $75, and less any deduction for equipment that the student has received and signed for.

REMEMBER THAT YOU MUST CANCEL IN WRITING. You do not have the right to cancel by telephoning the Academy or by not coming to class.

WITHDRAWAL FROM THE PROGRAM

You may withdraw from the Academy at any time after the cancellation period (described above) and receive a pro rata refund within 45 days of withdrawal if you have completed 60 percent or less of the period of attendance, based on scheduled hours. The refund will be less a registration fee not to exceed $75, and less any deduction for equipment that the student has received and signed for. Changes to programs, i.e. Drops and/or Adds, can only be made during the first 7 calendar days of the program.

For the purpose of determining a refund under this section, a student shall be deemed to have withdrawn from a program of instruction when any of the following occurs:

- The student notifies the institution of the student’s withdrawal.
- The institution terminates the student’s enrollment for failure to maintain satisfactory progress; failure to abide by the rules and regulations of the institution; absence in excess of maximum set forth by the institution; and/or failure to meet financial obligations to the school.
- The student has failed to attend class for fourteen (14) calendar days.
- Failure to return from a leave of absence.

For the purpose of determining the amount of the refund, the date of the student’s withdrawal shall be deemed to be the last date of recorded attendance.

Hypothetical Refund Example:
The following table outlines the refund due based on percentage of training completed, using scheduled hours, assuming you paid the following:

<table>
<thead>
<tr>
<th>Total Contract</th>
<th>Less Fee for Registration</th>
<th>Less Supplies</th>
<th>Tuition Fee</th>
</tr>
</thead>

</tr>
<tr>
<td>Refund Due</td>
<td>$15,232.50</td>
<td>$12,693.75</td>
<td>$8,462.50</td>
</tr>
</tbody>
</table>

If any portion of the tuition was paid from the proceeds of a loan or third party, the refund shall be sent to the lender, third party or, if appropriate, to the state or federal agency that guaranteed or reinsured the loan. Any amount of the refund in excess of the unpaid balance of the loan shall be first used to repay any student financial aid programs from which the student received benefits, in proportion to the amount of benefits received, and any remaining amount shall be paid to the student.

An applicant not accepted by the Academy shall be entitled to a refund of all monies paid, less a registration fee not to exceed $75, and less any deduction for equipment that the student has received and signed for. If the course is cancelled subsequent to a student’s enrollment, the Academy shall at its option, provide a refund of all monies paid. In the event the Academy closes permanently and ceases to offer instruction after students have enrolled, and instruction has begun, the Academy will make arrangements for students to attend an alternate institution. Should the student elect not to attend the alternate institution, a pro-rata refund of tuition will be made in accordance with the refund policy outlined above. Any monies due are refunded within 45 days.

All students are requested to meet with Financial Aid for an Exit interview prior to leaving the Academy.
RETURN TO TITLE IV FUNDS

The law requires that when you withdraw during a payment period, the amount of SFA program assistance that you have earned up to that point is determined by a specific formula. If you received (or the school received on your behalf) less assistance than the amount you earned, you will be able to receive those additional funds. If you received more assistance than you earned, the excess funds must be returned. For the purpose of determining the amount you owe, you shall be deemed to have withdrawn from the course when any of the following occurs: a. You notify school of your withdrawal or the actual date of withdrawal; b. the School terminates your enrollment; c. You fail to attend classes for a 14 day period; d. You fail to return from a leave of absence. In this case, the date of withdrawal shall be deemed to be the last date of recorded attendance.

The amount of assistance that you have earned is determined on a pro-rata basis. That is, if you complete 30 percent of the payment period, you can earn 30 percent of the assistance you were originally scheduled to receive. Once you have completed more than 60 percent of the payment period or period enrollment, you earn all of your assistance.

If you received excess funds that must be returned, your school must return a portion of the excess equal to the lesser of
- Your institutional charges multiplied by the unearned percentage of your funds, or
- The entire amount of excess funds.

If the amount paid is more than the amount owed, then a refund will be made within 45 days of withdrawal. If the amount owed is more than the amount paid, then you will have to make arrangements to pay it.

Any loan funds that you must return, you (or your parent for a PLUS LOAN) repay in accordance with the terms of the Promissory Note. That is, you make scheduled payments to the holder of the loan over a period of time.

If you are responsible for returning grant funds, you do not have to return the full amount. The law provides that you are not required to return 50% of the grant assistance that you receive that is your responsibility to repay. Any amount that you do have to return is a grant overpayment, and you must make arrangements with your school or the Department of Education to return the funds.

Students are advised that they may owe money to the school if they withdraw, as the California or Kansas State refund Policy will apply for contract purposes.
SATISFACTORY ACADEMIC PROGRESS POLICY

A student must maintain satisfactory progress in both attendance and academics for continued enrollment in this academy. Satisfactory progress complies with all laws and regulations applicable to the academy. Students receiving any Federal Title IV financial aid funds must maintain satisfactory progress in order to remain eligible.

DEFINITION

Students must satisfactorily complete a minimum number of hours (percent of work) toward their educational goals, based on time increments, and complete their course of study within 1½ times the normal time frame for completion of each payment period. The Academy defines its academic year as 900 hours and 26 weeks. A student’s academic progress in a program is reviewed to determine if a student is eligible for a subsequent Title IV payment at the point when the student’s actual clock hours for the payment period have been completed. In order for the student to be eligible for the next payment, the Academy must determine that the student has successfully completed both the clock hours and weeks of instructional time required for that period.

At Bellus Academy, minimum satisfactory progress is defined by the following criteria:

1. A grade point average of 75% and above, and
2. An attendance average of 67% or above the scheduled hours of attendance.

Students who meet the minimum requirements for attendance and academic performance are considered to be making satisfactory academic progress until the next evaluation point.

SATISFACTORY ACADEMIC PROGRESS

Satisfactory academic progress is determined by theory and practical grades averaged together. Theory and clinic work are both graded on the following scale:

- 94 – 100 = A
- 87 – 93 = B
- 80 – 86 = C
- 75 – 79 = D
- 74 and below is failing.

Theory grades are based on test grades and homework assignments. Practical grades are based on:

1) The ability to accept and effectively complete all work assignments.
2) The ability to effectively communicate with instructors, clients and other students.
3) The ability to accept and perform practical tasks with emphasis on equipment.
4) Participation in practical hands-on classes as offered by the Academy and outside interests.
5) The ability to follow Academy rules.

The 75% passing grade is programmed into our software system, and we monitor it when progress reports are issued. Students falling below the minimum average are encouraged, and given the opportunity, to retake an exam for which they have received a failing grade.

Written progress reports are maintained by the Academies. These progress reports are distributed at the time of the students’ Satisfactory Academic Progress evaluation point for their specific program or at minimum two (2) times during their program. Additional progress reports may be issued to students as requested or on an as needed basis determined by the instructor. A written report is kept and will be presented to any student who requests this record in the future.

SATISFACTORY ATTENDANCE PROGRESS

MAXIMUM TIME FRAME: The maximum time frame a student has to complete any course is 1½ times the course length. Transfer hours from another institution that are accepted toward the student’s educational program are counted as both attempted and completed hours for the purpose of determining when the allowable maximum time frame has been exhausted. Course length is defined as the period of time identified on the enrollment contract. Leaves of absence are not included in this total. Should a leave of absence be granted, the student’s maximum time frame for completion would be adjusted accordingly. Students re-enter at the same status as when they left. Note: For contract purposes, all contracted students have specified allowable absence hours, depending on the total course length. Refer to your contract for allowable absence hours. The 67% attendance average is programmed into our software system to check at the evaluation points for each program. However, we monitor satisfactory progress manually throughout the student’s program. This ensures that students have ample opportunity to improve if they fall below the standards. Failure to attend classes for 14 consecutive days will result in termination from the program.

WARNING

Students who fall below the above standards at the Satisfactory Progress evaluation point for their actual hours will be placed on Warning. A student is considered to be making unsatisfactory progress while on Warning but is still eligible for financial aid. If the student does not improve either grades and/or attendance by the end of the next evaluation point, they will be ineligible for financial aid.

APPEAL PROCESS

Students who wish to appeal the determination that they are not maintaining satisfactory progress must submit a letter to the Academy Manager or Director within 10 days of receiving the notice of Probation describing any mitigating circumstances the student believes deserve further
consideration and what has changed that will allow the student to achieve Satisfactory Progress by the end of the next payment period. Such mitigating circumstances might include family or medical emergencies or military service for which the student has elected not to request a Leave of Absence. An appeal decision will be made and the student notified accordingly. Should a student prevail upon his/her appeal, the student will be placed on Probation for the following payment period and Financial Aid will be reinstated. The student will be placed on an Academic Improvement Plan to ensure the student is able to meet Satisfactory Academic Progress by the end of the probationary period. A copy of the student’s improvement plan will be kept in the student’s file. The student must be achieving Satisfactory Academic Progress at the end of the probationary period or all Financial Aid will be terminated.

In the case of an adverse determination of the student’s appeal, the student will remain on probation, and must cover tuition payments in cash. If payment arrangements cannot be made, the student will be terminated from the program. A cash-paying student can re-establish eligibility for financial aid by achieving the minimum satisfactory progress by the end of the payment period. The Financial Aid department will then request the appropriate Federal funds in their behalf for the next payment period. Failure to re-establish Satisfactory Progress will result in termination from the program.

COURSE INCOMPLETES, REPETITIONS AND WITHDRAWALS
Course incompletes affect the student’s satisfactory progress status by lowering their grade point average because students receive 0% credit for unfinished work. Repetitions and withdrawals have no effect on the student’s satisfactory progress status.

Satisfactory Academic Progress Policy Evaluation Points

A Satisfactory Academic Progress Report is run at the time the student reaches the actual hours of attendance evaluation point.

LEAVE OF ABSENCE

Leave of Absence is restricted to Medical, Military, Family Emergency or Academy Schedule. Students requesting a leave of absence from the institution must submit a written request to the Academy Director. The request should be signed and dated by the student and must contain the dates the student expects to be unable to attend school. All leave of absence requests must be approved by the Academy Director.

In special situations where a student is enrolled in one of the Academy’s advanced programs, a portion of their program may be completed and their re-entry in the basic program is delayed by more than 14 days. For this situation, the student will be placed on an Academic Leave of Absence. This is referred to as an Academy Schedule Leave of Absence and is approved by the Academy Director.

The student's total number of all leave of absence days may not exceed the maximum 180 allowable days for any program. A student on a leave of absence will incur no additional charges by the school. Any student failing to return to the Academy after the expiration of a leave of absence will be withdrawn from school on that day and the withdrawal date will be their last day of attendance. All refunds will be due 45 days from the date of determination. If a student loan recipient does not return from an approved leave of absence, the withdrawal date will be set retroactively and the student could have used up some or all of the grace period for their loan. The grace period starts on the last day of attendance. Students who do not return are required to complete an exit interview with the Academy’s Financial Aid department.

DROP-OUT POLICY

The student's enrollment may be terminated at the election of the Academy Director, if the student's academic progress, behavior, absences, lateness, or dress does not conform to the requirements, rules and regulations of the Academy (as stated in the catalog and Guidelines for Success); in which event, the extent of the student’s tuition obligation will be in accordance with the Academy’s refund policy.

RE-ENROLLMENT POLICY

Students desiring to re-enroll in the Academy within six months of their last date of attendance will be readmitted at their original cost. Students desiring to re-enroll in the Academy after a 6-month lapse must sign a new enrollment agreement. The new enrollment agreement will be based on the current cost of tuition and fees; however, the previous hours earned may be used as credit in computing new charges, depending on the elapsed time between the last day attended and re-enrollment. Please consult with your Admissions Representative regarding the Academies’ transfer policy for specific information. A student re-enrolling re-enters at the same progress status as when they left. A re-enrolling student failing to meet minimum satisfactory progress requirements at the time of withdrawal will be on probation until the next satisfactory progress evaluation period. Re-enrolling students on probation are not eligible to receive Financial Aid and will be admitted on a cash basis only. Financial Aid may be reinstated when the student achieves satisfactory progress.
FACULTY INFORMATION

INSTRUCTOR QUALIFICATIONS

Each member of our Academy staff is dedicated to the success of our enrolled students. All Massage Therapy and HHP educators are trained in all educational areas offered in their respective programs.

California instructors possess a minimum of three years of experience, education and training in current practices of the subject area they are teaching, per California state law. Some programs may utilize Teaching Assistants and/or Clinic Coordinators who are trained in all educational areas offered in their respective programs, are licensed and/or certified in their field, and work under the direct supervision of a full time instructor.

Manhattan cosmetology educators are licensed by the Kansas Board of Cosmetology. Kansas instructional staff members meet all requirements of Kansas state law. To become a Cosmetology educator in Kansas, a licensed cosmetologist must first attend an instructor training course. If a cosmetologist is licensed for more than one year, 300 hours of training is required. If they are licensed less than one year, they will be required to receive 450 hours of educator training. Upon completion of training a written examination is administered by the Kansas Board of Cosmetology. A score of 75% is required for licensure as an instructor in the State of Kansas.

All Kansas Massage Therapy Educators are either Nationally Certified through the NCBTMB or have passed the MbLEX exam.
