14. Violation of rules and regulations can result in disciplinary consequences including suspension and/or termination/expulsion from the program. Suspended hours will be deducted from student's allowable absence hours. The student is responsible for either making up suspended hours to complete the program or for any resulting overtime charges at program completion.

NON-DISPARAGEMENT POLICY – POSITIVE REPRESENTATION OF BELLUS ACADEMY

Students of the academy acknowledge and agree that Disparagement refers to negative remarks about the academy, its students, employees, and associates, which are made maliciously and/or recklessly about those individuals and/or entities. The availability of social media (Facebook, YouTube, Twitter, etc.) carries the responsibility to use these forms of communication with integrity in networking for employment and/or social interaction; therefore, students shall refrain from making any public statement or statements, through social media or otherwise, about the academy and/or other students, former students, instructors, or employees and staff members of the academy.

Violation or non-compliance with this policy will result in disciplinary action, up to and including immediate termination from the academy.

ATTENDANCE POLICIES

TARDINESS POLICY

Each student is very important to Bellus Academy. Regular attendance is essential to the successful performance of each of our programs and is especially important in the development of our future leaders in the Beauty and Wellness industry. All students are expected to be clocked in and ready to begin class and remain in the classrooms and/or on the campus until their regularly scheduled ending time, except when clocked out for lunch breaks. Students not physically present in class at their class start time are considered absent. If clock-in occurs after start time, student is tardy. Student attendance is monitored closely so that students maintain satisfactory progress. Failure to maintain the assigned class schedule may cause a student to be placed on probation, possibly resulting in the discontinuance of financial aid, which could increase the student's personal financial obligation to the academy. Students must submit an absent/late notice in the attendance portal at www.bellusattendance.com, or via the hotline before the scheduled start time of their class if they are going to be late for school. Students must provide their full name, student ID number, program, the reason for absence and expected date/time of absences. All tardy hours are calculated into the total allowable absence hours. Frequent tardiness may result in overtime charges.

Late Entry – Without proper documentation, AM students arriving after 9:00 a.m. may not clock in until 9:30 a.m., and PM students arriving after 5:30 p.m. may not clock in until 6:00 p.m. Proper documentation is also required in order to clock in after the 9:30 am or 6:00 pm late clock-in times.

ABSENCE POLICY

All absences must be reported. All vacations and scheduled time off requests must be submitted a minimum of 24 hours in advance by filling out a Student Absent Request. Requests can be made via email, Bellus App to Student Services, or in person with Student Services. Students are urged to make personal appointments at off-scheduled times or near the beginning or end of your scheduled school hours. If appointments must be scheduled during academy hours, a minimum of 24-hour notification must be provided. With proper and verifiable documentation, the student will be allowed to return to classroom participation and receive credit for the remainder of the hours for the day. Documentation must be provided at the time they return to class or admittance will not be honored. All absences will result in accrued absent hours unless the student is on an approved Leave of Absence on file with the Financial Aid Office. Students unable to attend school must notify the school via the attendance portal at www.bellusattendance.com and/or the absence hotline. Students must provide their full name, student ID number, program, the reason for absence and expected date/time of absences.

LEAVING EARLY

Students who are aware that they must leave early must submit a book out in advance by notifying their educator in order to prevent scheduling issues for exams, clients, field trips, etc. If a student is clocked in and cannot be found on the campus during a period of time, they will not get credit for hours after the last roll call at which they were present. All early departure hours are calculated into the total allowable absence hours. Frequent loss of hours due to early departures may result in overtime charges.

LEAVE OF ABSENCE POLICY

An authorized leave of absence (LOA) is a temporary interruption in a student's program of study. LOA refers to the specific time period during a program when a student is not in attendance. A Leave of Absence is restricted to Medical, Military, or Family Emergency.

In order for an LOA to qualify as an approved LOA, the request for leave of absence must be submitted in advance in writing, must include the reason for the student's request, the expected return date and must be signed by the student.

In the event that unforeseen circumstances prevent a student from providing the request prior to the LOA, the academy will document the reason for granting the LOA and will require the request from the student at a later date. In this instance, the beginning date of the approved LOA would be determined by the academy to be the first date the student was unable to attend the academy because of the circumstance.

Students requesting a leave of absence from the institution must submit a written request to a Student Services or Financial Aid Representative in advance of the time off requested. The request should be signed and dated by the student and must contain the dates the student expects to be unable to attend school, including the date the student expects to return to school. All leave of absence requests must be approved by the Academy Director.

A student on a leave of absence will incur no additional charges by the school. A Leave of Absence and/or failure to return from a Leave of Absence may affect your loan interest rates and/or repayment timeline. Please see your Financial Aid representative for more information.

The LOA, together with any additional leaves of absence, must not exceed a total of 180 days in any 12- month period.

A student granted an LOA that meets these criteria is not considered to have withdrawn, and no refund calculation is required at that time. The academy will extend the student's contract period by the same number of days taken in the LOA. Changes to the contract period on the enrollment agreement must be initialed by all parties or an addendum must be signed and dated by all parties.

If a student loan recipient does not return from an approved leave of absence, the withdrawal date will be set retroactively, and the student could have used up some or all of the grace period for their loan. The grace period starts on the last day of attendance. The withdrawal date for the purpose of calculating a refund is always the student's last day of attendance. All refunds will be due 45 days from the date of determination. Any student failing to return to the academy after the expiration of a leave of absence will be withdrawn from school on that day and the withdrawal date will be their last day of attendance. Students who do not return are required to complete an exit interview with the academy's Financial Aid department.

DROP-OUT POLICY

The student's enrollment may be terminated at the election of the Academy Director, if the student's academic progress, behavior, absences, lateness, or dress does not conform to the requirements, rules, and regulations of the academy (as stated in the catalog and Guidelines for Success); in which event, the extent of the student's tuition obligation will be in accordance with the academy's refund policy.

RE-ENROLLMENT POLICY

Students desiring to be reinstated in the academy within six months of their last date of attendance will be readmitted at their original cost. Students desiring to re-enroll in the academy after a 6-month lapse must sign a new enrollment agreement. The new enrollment agreement will be based on the current cost of tuition and fees; however, the previous hours earned may be used as credit in computing new charges, depending on the elapsed time between the last day attended and re-enrollment. Please consult with your Admissions Representative regarding the academy's transfer policy for specific information. A student re-enrolling re-enters at the same progress status as when they left. A re-enrolling student failing to meet minimum satisfactory progress requirements at the time of withdrawal will have the same status when they return. Re-enrolling students on probation are not eligible to receive Financial Aid and will be admitted on a cash basis only. Financial Aid may be reinstated when the student achieves satisfactory progress at their next evaluation point.

MANDATED HOURS OF ATTENDANCE POLICY

Students must complete the state-mandated hours per their program of study. These requirements are as follows for both Residential and Hybrid programs:

*Barbering	Satisfactory completion of 1200 hours

NOTICE OF ARBITRATION AGREEMENT AND CLASS ACTION WAIVER

As a condition for enrollment in Bellus Academy, students enter into an enrollment agreement which provides that all disputes between a student and Bellus Academy will be resolved by BINDING ARBITRATION.

Students thus GIVE UP THEIR RIGHT TO GO TO COURT to assert or defend their rights under their enrollment agreement (EXCEPT for matters that may be taken to SMALL CLAIMS COURT).

*A student's rights will be determined by a NEUTRAL ARBITRATOR and NOT a judge or jury.

*Students are entitled to a FAIR HEARING, BUT the arbitration procedures are SIMPLER AND MORE LIMITED THAN RULES APPLICABLE IN COURT.

*Arbitrator decisions are as enforceable as any court order and are subject to VERY LIMITED REVIEW BY A COURT.

As a further condition for enrollment, students also agree that any dispute or claim that they may bring will be brought solely in the student's individual capacity, and not as a plaintiff or class member in any purported class action, representative proceeding, mass action or consolidated action.

Notwithstanding the student's agreement to resolve any disputes with Bellus Academy by binding arbitration:

- Bellus Academy does not require a Federal student loan borrower to participate in arbitration or any internal dispute resolution process offered by the institution prior to filing a borrower defense to repayment application with the U.S. Department of Education pursuant to 34 CFR § 685.206€;
- Bellus Academy does not, in any way, require students to limit, relinquish, or waive their ability to pursue filing borrower defense claim, pursuant to 34 CFR § 685.206€ at any time; and
- Any arbitration required by the pre-dispute arbitration agreement contained within a student's enrollment agreement with Bellus Academy tolls the limitations period for filing a borrower defense to repayment application pursuant to 34 CFR § 685.206€(6)(ii) Binding arbitration pursuant to a student's enrollment agreement with Bellus Academy will be conducted by the American Arbitration Association (the "AAA"), under its Supplementary Rules for Consumer Related Disputes ("Consumer Rules").

CREDIT FOR PREVIOUS TRAINING

Acceptance of hours from other approved schools and institutions is at the sole discretion of Bellus Academy. Students who have had prior training must furnish proof of the number of hours of training to the academy. Transfer hours from another institution that are accepted toward the student's educational program are counted as both attempted and completed hours for the purpose of determining when the allowable maximum time frame has been exhausted. This institution will conduct an evaluation of all previous education and training, grant credit when appropriate, reduce the length of the program proportionately and keep records of this process in the students' file. The academy only accepts transfer students under certain conditions. Students who discontinue their training program are eligible to transfer allowable hours per state law, providing certain academy obligations have been satisfied. Bellus Academy does not award credit for prior work/life experience.

Within 30 days after enrollment of a transfer student, the academy shall obtain verification of the student's prior course of training including subjects, the number of hours, and practice services completed by the student, on a form approved and provided by the board from the state board or school in the state or jurisdiction where the transfer student completed the training. The academy shall determine the subjects, hours, and practice services of the transfer student's prior course of training which conforms to the curriculum requirements in K.A.R. 69-3-8 and shall give the student credit for those subjects, hours and practice services.

NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION

The transferability of credits you earn at Bellus Academy is at the complete discretion of the institution to which you may seek to transfer. Acceptance of the diploma or certificate you earn in any program at Bellus Academy is also at the complete discretion of the institution to which you may seek to transfer. If the diploma or certificate that you earn at this institution is not accepted at the institution to which you seek to transfer, you may be required to repeat some or all your coursework at that institution. For this reason, you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending Bellus Academy to determine if your credits will transfer.

TRANSFER OR ARTICULATION AGREEMENTS

Bellus Academy does not currently participate in any articulation agreements with other colleges or universities.

Students who are receiving benefits from Veteran's Assistance programs must meet the required 75% GPA and/or 75% attendance. Students are issued a Diploma upon completion of programs leading to State or National licensing, or a Certificate, upon completion of programs that do not lead to licensure, evidencing graduation and satisfactory completion of the required clock hours. The student must have attained a satisfactory grade in all subjects covered, met the attendance requirements, and satisfied all financial obligations, including payment in full of tuition charges or have entered into a payment plan agreement for tuition payments. Proof of training and academic transcripts will be released to appropriate licensing and certification agencies upon completion of the program. There is a \$5 fee for each request for a duplicate diploma.

TRANSCRIPTS

REQUIREMENTS FOR STATE EXAMINATION

In order to receive compensation for cosmetology or esthetic services provided, individuals must be licensed by the Kansas Board of Cosmetology. Individuals providing massage services must be certified by the appropriate state and/or local agencies. Applicable students are qualified to sit for examination given by the state, provided they have completed the selected course at a licensed school of Cosmetology. Bellus Academy programs meet or exceed the minimum requirements prescribed by the Kansas Board of Cosmetology and the Kansas Board of Regents. Each exam applicant must have a current driver's license or I.D. and Social Security number. Exam candidates must be seventeen years of age and have completed an accredited High School, or equivalent thereof. Proof of training will be released to the appropriate licensing and certification agencies upon completion of the program when all academic and financial requirements have been met.

COST OF STATE EXAMINATION / LICENSE

Each exam cost varies. Check with the academy office for current costs. Graduates must pass a Cosmetology or related examination in order to be issued a license. Students must pay their own traveling expenses and furnish their own model where required. Kansas Cosmetology state examinations are conducted at locations designated by the Kansas State Board of Cosmetology and the Kansas State Board of Barbering. The testing location will be provided to each candidate by the State Board Office upon application for their licensing exam. Students enrolled in massage programs that are a minimum of 500 hours in length, are qualified to sit for a national test at the conclusion of their program.

GRADING METHODS AND REPORTS

Bellus Academy's course provides education and training in the areas associated with skills needed to graduate that are measured by course objectives. The academy offers theory instruction in both an asynchronous (progress is virtually tracked and monitored by an instructor that engages with the student on an individual basis) and synchronous (students and instructors interact with specified start and end times) distance education formats using electronic media. These delivery methods via distance education provide the same training as in a residential format. The school maintains complete records on each student or graduate for reference as required by the State. All students receive a complete theory and practical test (Mock Board) after approximately 75% of program completion. It simulates actual program procedures and constitutes a final exam. Individual tutoring, if needed, is available in preparation for the state exam. Grading to evaluate learning objectives via distance education theory is primarily through tests. Each student is graded on their theory and practical work, attendance, appearance, and attitude. The grading used is as follows:

93 – 100	EXCELLENT
85 – 92	VERY GOOD
75 – 84	SATISFACTORY
74 and BELOW	UNSATISFACTORY

Written progress reports are maintained by the academy. Students receive progress reports that must be signed and kept in their file at least two (2) times during their program. Informal progress reports are distributed monthly so students can keep track of their progress. Additional progress reports may be issued to students as requested or on an as needed basis determined by the instructor. The Bellus App is available to students for an electronic version of the progress report. A written report is kept and will be presented to any student who requests this record in the future.

ONLINE COURSE RESPONSE TIME

For online courses, the institution has 10 days between the institution's receipt of student lessons, projects, or dissertations and the institution's mailing of its response or evaluation.

CONSUMER INFORMATION

CIP CODES

US Department of Education regulations as of July 1, 2011, require the academy to identify programs by **Classification of Instructional Programs (CIP)** Codes, with links to the US Department of Labor/Employment and Training Administration's Occupational Information Network (O*Net). CIP Codes were developed by the U.S. Department of Education's National Center for Education Statistics (NCES) to provide a method for tracking and reporting program activity that is common to all institutions. For more information regarding CIP Codes please visit the website at: <https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=56> .

SOC CODES

NACCAS accrediting agency policies as of July 1, 2011, require the academy to identify programs by **Standard Occupational Classification (SOC)** Codes. The SOC system is used by Federal statistical agencies to classify workers into occupational categories. Detailed occupations with similar job duties, and in some cases skills, education, and/or training, are grouped together. For more information regarding SOC Codes please visit the website at www.bls.gov/SOC/ .

CAREER ONE STOP

The Career One Stop program is the nation's primary source of occupational information. Central to the project is the Career One Stop database, containing information on hundreds of standardized and occupation-specific descriptors. Utilizing the SOC Codes, Career One Stop provides easy to read career reports that include the most critical on-the-job tasks and skills. Job seekers can also find local salary information and training opportunities. For more information regarding Career One Stop please visit the website at www.careeronestop.org .

NET PRICE CALCULATOR

The Net Price Calculator is available on the academy website at: <https://bellusacademy.edu/financial-aid/>

TERMS OF PAYMENT

In addition to Financial Aid Assistance for qualifying students, individual financing and payment programs are available. Monthly payments vary according to down payment, applicable fees, any interest accrued, and the length of time (number of months) defined in the payment contract.

TUITION AND FEES

Tuition, kits and fees are charged on the first day of class. Payments are accepted by cash, check (there is a \$25 fee for returned checks) or credit card. For those students using financial aid, payments are due when the aid is received at the academy. Students who do not make payment arrangements or fail to make their scheduled payments, may be subject to termination from the program and/or the student's account turned over to collections. All contracted tuition, fees, application, equipment, kit and overtime charges must be paid, or payment arrangements made, before final paperwork is released.

OVERTIME CHARGES

Overtime occurs when a student has not completed their program of study by the completion date stated on their Enrollment Agreement. Students can attend beyond their scheduled completion date to complete their program, at no additional charge, up to 7.5% of their total program hours. (See Tuition and Fee Schedule in this catalog for specific hours.) If training is not completed by the prescribed time limit, and the allowable absence hours have been exhausted, additional tuition charges will accrue at the hourly rate stated on the student's contract at the time of enrollment until the time the student meets the graduation requirements. (See the Overtime Hourly Rate for each program in the above Tuition and Fee Schedule.) Absence hours, whether allowable or overtime, will cause the student to miss the completion date as stated on the Enrollment Agreement, unless they are canceled out by making up hours. Students must meet with Financial Aid to determine a payment plan at the time that overtime charges begin to accrue.

SCHOLARSHIPS

Scholarships may be offered periodically. Institutional scholarships are offered for specified time periods and, if awarded, are reflected as a tuition allowance. All students who enroll during that time period are eligible for the scholarship. Ask your Admissions Representative for information regarding current scholarships that may be available.

INFORMATION FOR FINANCIAL AID APPLICANTS

ELIGIBILITY REQUIREMENTS

Students must meet certain eligibility requirements to receive Federal Student Aid (FSA) funds*. Students must:

1. Provide documentation of either a high school diploma or a General Education Diploma (GED) certificate.
2. Be enrolled in an eligible program.
3. Have a valid Social Security card.
4. Be either a U.S. citizen or a permanent resident.
5. Not be in default with any federal student loans, nor owe an overpayment on any federal student aid grant.

APPLICATION PROCEDURE

The first step in applying for Title IV Federal Financial Aid is to complete the Free Application for Federal Student Aid (FAFSA) at www.fafsa.ed.gov.

Additionally, the student (or parent if applicable) may need to complete any one or all of the following:

1. Loan entrance counseling
2. Authorization form
3. Promissory note
4. Parent PLUS loan request form and promissory note
5. Verification worksheet
6. Payment options

CRITERIA FOR SELECTION OF ELIGIBLE APPLICANTS

Students who are eligible for Title IV Financial Assistance are accepted for enrollment if they have met all of the admission requirements of the academy and have established a class start date convenient for the student and the academy.

DETERMINING THE AMOUNT OF YOUR FINANCIAL AID

Upon completion of the FAFSA, the student is given an Expected Family Contribution (EFC) number. The EFC is used to determine how much and what kind of financial aid a student is eligible for. In addition to the EFC, the direct and indirect costs of the program, enrollment status, length of enrollment, and funds available at the academy will also impact award amounts. The Financial Aid office will provide entrance and exit counseling utilizing the Department of Education online website applications at www.studentaid.gov.

DISBURSEMENTS

Financial aid funds are disbursed at evaluation periods for completed hours. Please refer to the Satisfactory Academic Progress policy in this catalog for further details. FSEOG funds are disbursed at the same time as other financial aid funds on a first-come, first-served basis.

POST WITHDRAWAL DISBURSEMENT

A post-withdrawal disbursement occurs if a student receives less Title IV funds than the amount actually earned on the R2T4 calculation. A student must meet the late disbursement requirements to be eligible for the post withdrawal disbursement(s). The academy will offer the student a disbursement of the earned aid that was not received at the time of their withdrawal. If eligible, a post-withdrawal disbursement from Pell Grant funds will be made first and then credited to the student's account. Any remaining Pell funds will be released to the student within 45 days from the date of determination. Any federal loan program funds due in a post-withdrawal disbursement will be offered to the student in writing as soon as possible but no later than 30 days from the date of withdrawal. Written confirmation from the student (or parent in the case of a PLUS loan) is required within 14 days in order to accept the loan funds offered.

FINANCIAL AID CREDIT BALANCE

Financial aid awards are applied first to tuition, fees, institutional direct costs, and lastly non-institutional direct costs. If the total federal funds exceed charges for the payment period or academic year, a refund will be made back to the lender or a check will be sent to the student's, (or parent's, in the case of a parent PLUS loan) address on the file within 14 days from the date the credit balance was created. An Authorization to Retain Title IV Funds form is completed at enrollment and is used to determine this preference.

FINANCIAL AID PROGRAMS

The following is a description of the various financial aid programs available at Bellus Academy for students who qualify. Additional information may be obtained through the Financial Aid Office.

Federal Pell Grant: Eligibility for the Federal Pell Grant Program is determined by a standard need-analysis formula that is revised and approved every year by the federal government. The student must be enrolled in an undergraduate program and may not already have a bachelor's or professional degree. Unlike loans, grants do not have to be paid back. The maximum Federal Pell Grant for 2019-2020 is \$6,195 per academic year. In certain situations, an eligible student can receive up to 150 percent of the maximum annual Federal Pell grant amount for an award year. A student can receive a Federal Pell Grant for no more than 12 semesters or the equivalent.

Federal Children of Fallen Heroes Scholarship: This scholarship authorizes a Pell-eligible student whose parent or guardian died in the line of duty while performing as a public safety officer to be eligible to receive a maximum Federal Pell Grant for the award year for which the determination of eligibility is made. To qualify, a student must be Pell-eligible and have a Pell-eligible EFC and be less than 24 years of age or enrolled at an institution of higher

education at the time of his or her parent's or guardian's death. In subsequent award years, the student continues to be eligible for the scholarship if the student has a Pell-eligible EFC and continues to be an eligible student.

Federal Iraq and Afghanistan Service Grant: The Federal Iraq and Afghanistan Service Grant is offered to students who are not eligible for a Federal Pell Grant basis on their Expected Family Contribution as calculated from FAFSA data but meet the remaining Federal Pell Grant eligibility requirements. In order to qualify, students must have had a parent or guardian in the U.S. armed forces that died as a result of military service performed in Iraq or Afghanistan after the events of 9/11. The student must have been under 24 years old or enrolled in college at least part-time at the time of the parent or guardian's death.

Federal Supplemental Educational Opportunity Grant (FSEOG): Federal Supplemental Educational Opportunity Grants are available to a limited number of students with exceptional financial need. Grants are based on funds available and do not have to be repaid. Need is determined by the financial resources of the student's family and the cost of attendance.

William D. Ford Federal Direct Loan: Under the Federal Direct Loan (FDL) program the school certifies eligibility for each loan and sends the loan details to the U.S. Department of Education. Loan proceeds are disbursed to the school electronically and then posted to the student's account. Students must repay the loan with interest to the servicer assigned by the U.S. Department of Education after the loan is disbursed. Eligible students will receive estimated student loan amounts based on FAFSA submission and the standard need-analysis formula. The estimate will include student loan eligibility for the amount necessary to cover direct institutional costs. Students interested in borrowing in excess of direct costs may request additional funds by contacting the financial aid office. Students and parents borrowing Federal Direct Parent Loans, must complete and submit a Master Promissory Note (MPN) to the Department of Education before loans will be processed. First time student loan borrowers must also complete loan entrance counseling prior to funds being disbursed. A description of the terms and conditions for borrowers of federal education loans is available at www.studentaid.gov.

Federal Subsidized Direct Loan: Federal Direct Subsidized loans are available to undergraduate students with financial need. The interest is paid by the federal government while students are in school. Interest begins accruing at the time students cease full-time enrollment. Regular payments begin six months after the student ceases enrollment. A fixed interest rate is established annually by the U.S. Department of Education. Current interest rates can be found at <https://studentaid.ed.gov/sa/types/loans/interest-rates#rates>.

Note First-time borrowers may not receive this type of loan for more than 150 percent of the length of their program of study; U.S. Department of Education may stop paying interest if student who received Direct Subsidized Loans for the maximum period continues enrollment. Loans for students who have exceeded the maximum eligibility period could begin to accrue interest after the student exceeds the 150% limit. Interest accrued in such a manner accumulates and is added to the principal amount of the loan. For more information please see your Financial Aid Officer or visit: <https://studentaid.ed.gov/types/loans/subsidized-unsubsidized>

Federal Unsubsidized Direct Loan: Unsubsidized Direct loans are available for students to borrow for additional education costs. Except for demonstrating financial need and undergraduate status, borrowers must meet all eligibility criteria of the Federal Subsidized Direct loan program. Interest payments begin immediately after the loan is fully disbursed or may be added to the principal balance. Generally, you may choose to make interest payments on the loan while you are in school or have the interest added to your principal balance (capitalized) when your repayment schedule begins. Regular payments begin six months after the student ceases enrollment. Interest rates are fixed and established annually by the U.S. Department of Education. Current interest rates can be found at <https://studentaid.ed.gov/sa/types/loans/interest-rates#rates>.

Federal Direct Parent Loan for Undergraduate Students (PLUS): Federal Parent Loans for undergraduate students provide additional funds for credit-worthy parents to help pay for students' educational expenses. If a parent has no credit or a poor credit history, he/she may still qualify for a loan by applying with a credit-worthy endorser. They can be combined with other financial aid resources and cannot exceed the student's cost of education. Interest rates are fixed and established annually by the U.S. Department of Education. Current interest rates can be found at <https://studentaid.ed.gov/sa/types/loans/interest-rates#rates>. Repayment begins immediately after the loan is fully disbursed.

Veterans Educational Benefits: The programs at Bellus Academy are approved by the Kansas State Approving Agency for use of the GI Bill®. For more information on veterans' benefits, please see your Admissions Representative.

MyCAA: Military Spouse Career Advancement Accounts (MyCAA) provide financial assistance for educational purposes for qualified military spouses meeting eligibility requirements. For information regarding amounts and eligibility please visit the website at: www.militaryonesource.com/MOS/FindInformation/Category/MilitarySpouseCareerAdvancementAccounts.aspx.

Military Tuition Assistance for Active Duty Military:

Military Tuition Assistance (TA) is awarded to a student under the assumption that the student will attend school for the entire period for which the assistance is awarded. When a student withdraws, the student may no longer be eligible for the full amount of TA funds originally awarded. To comply with Department of Defense policies, Bellus Academy will return any unearned TA funds on a prorated basis through at least the 60% portion of the period for which the funds were provided.

TA funds are earned proportionally during the student's period of enrollment with unearned funds returned based upon when a student stops attending Bellus Academy. These funds are returned to the military Service branch. If the student cancels their enrollment within the first 7 calendar days of the start of the program, 100% of TA received will be returned.

In instances when a Service member stops attending due to a military service obligation, Bellus Academy will work with the affected Service member to identify solutions that will not result in student debt for the returned portion.

UNISA: We offer multiple, flexible payment plan options through UNISA. These payment plans allow students to spread payments over a pre-set period, as opposed to paying the full amount up-front. An interest rate may apply depending on the plan chosen. A credit check may be required at the time of application, and the process is completed 100% online using an e-signature validation. Please speak to a Financial Aid Representative to find out more information.

Alternative (Private) Loans: Private loans are available to students to help pay educational expenses. Students may borrow from any lender of their choice including Sallie Mae. Private loans have repayment terms that vary depending on the lender from which you borrow. Generally, private loans require that the borrower is a U.S. Citizen, a U.S. national, or a permanent resident and must be creditworthy. If the student has no credit or a poor credit history, he/she may still qualify for a loan by applying with a creditworthy co-borrower. Please talk to your financial aid representative for more information. Be sure to research and review each lender's terms and conditions before making a final decision.

ADDITIONAL INFORMATION

If a student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund. If the student has received federal student financial aid funds, the student is entitled to a refund of the moneys not paid from federal student financial aid program funds.

For more information regarding student and parent loans, please visit the US Department of Education website at www.studentaid.gov. All students are requested to meet with Financial Aid for an Exit interview prior to leaving the academy. Financial Aid Officers are available at all campuses from 9 am to 5 pm, Monday through Friday, or by appointment.

HOUSING

Bellus Academy does not have on-campus dormitory housing. While the institution has no responsibility to find or assist students in finding housing, the following represents an approximate range of rental fees for apartments in the general vicinity of the school's location in Manhattan, KS: \$800 to \$1400 per month (based on an average of prices of rental units available on Zillow.com as of 04/2026).

INSTITUTIONAL REFUND POLICY

This refund policy applies to all terminations for any reason, by either party, including student decision, course or program cancellation, or school closure.

STUDENT'S RIGHT TO CANCEL

1. A student has the right to cancel his or her agreement for a program of instruction and receive a full refund within three (3) business days of signing the Enrollment Agreement regardless of whether the student has actually started training.
2. After the end of the cancellation period, you also have the right to stop school at any time; and you have the right to receive a pro-rata refund if you have completed less than sixty (60) percent of the program. Changes to programs, i.e. Drops and/or Adds, can only be made during the first 7 calendar days of the program.
3. Cancellation may occur when the student provides a written notice of cancellation at the following address: Bellus Academy, 1130 Westloop Place, Manhattan, KS 66502. This can be done by mail, FAX, email or by hand delivery.
4. The cancellation date will be determined by the postmark on written notification, or the date said information is delivered to the academy in person.
5. The written notice of cancellation need not take any particular form and however expressed, it is effective if it shows that the student no longer wishes to be bound by the Enrollment Agreement.
6. If the Enrollment Agreement is cancelled after three (3) business days of signing, but prior to starting classes, the academy will refund the student any money he/she paid, within 45 days after the notice of cancellation is received.

REMEMBER THAT YOU MUST CANCEL IN WRITING. You do not have the right to cancel by telephoning the academy or by not coming to class.

WITHDRAWAL FROM THE PROGRAM

You may withdraw from the academy at any time after the cancellation period (described above) and receive a pro-rata refund within 45 days of withdrawal if you have completed less than 60 percent of the period of attendance, based on scheduled hours. The refund will be less any deduction for equipment that the student has received and signed for.

For the purpose of determining a refund under this section, a student's official cancellation or withdrawal shall occur on the earlier of the dates of any of the following instances:

- An applicant is not accepted by the academy. The applicant shall be entitled to a refund of all monies paid.
- The student notifies the institution of the student's withdrawal in writing.
- The institution terminates the student's enrollment for failure to maintain satisfactory progress; failure to abide by the rules and regulations of the institution; absence in excess of maximum set forth by the institution; and/or failure to meet financial obligations to the academy.
- The student has failed to attend class for fourteen (14) calendar days, as determined by monitoring clock hour attendance at least every thirty (30) days.
- Failure to return from a leave of absence. The date of the student's withdrawal shall be the earlier of the scheduled date of return from the leave of absence or the date the student notifies the institution that the student will not be returning.

All refunds are calculated based on the student's last date of attendance.

For students who enroll and begin classes but withdraw prior to course completion (after three business days of signing the contract), the following schedule of tuition earned by the school applies. All refunds are based on scheduled hours:

Percent of Scheduled Time Enrolled to Total Program

Calculation Example: The following example illustrates the calculations outlined above. The figures are examples only; actual amounts may vary for each student/program.

Hypothetical Refund Example: The following table outlines the refund due based on percentage of training completed, using scheduled hours, assuming you paid the following:

<u>Total Contract</u>		<u>Less Kit Supplies</u>	<u>Tuition and Fees</u>	
\$19,500.00		-\$2,500.00	\$17,000.00	
<u>% Completed</u>	<u>10%</u>	<u>25%</u>	<u>50%</u>	<u>60%</u>
<u>Refund Due</u>	\$15,300.00	\$12,750.00	\$8,500.00	0

If any portion of the tuition was paid from the proceeds of a loan or third party, the refund shall be sent to the lender, third party or, if appropriate, to the state or federal agency that guaranteed or reinsured the loan. Any amount of the refund in excess of the unpaid balance of the loan shall be first used to repay any student financial aid programs from which the student received benefits, in proportion to the amount of benefits received, and any remaining amount shall be paid to the student. If the student has received federal student financial aid funds, the student is entitled to a refund of monies not paid from federal student financial aid program funds.

If the academy cancels a program subsequent to a student's enrollment, and before instruction in the program has begun, the academy shall provide a full refund of all monies paid.

If the academy cancels a program and ceases to offer instruction after students have enrolled and instruction has begun, the academy shall at its option:

- Provide a pro-rata refund for all students transferring to another school based on the hours accepted by the receiving school; or
- Provide completion of the program; or
- Participate in a Teach-Out Agreement; or
- Provide a full refund of all monies paid

In the event the academy closes permanently and ceases to offer instruction after students have enrolled, and instruction has begun, the academy will make arrangements for students to attend an alternate institution through participation in a Teach-Out Agreement. Should the student elect not to attend the alternate institution, a pro-rata refund of tuition will be made in accordance with the refund policy outlined above. Any monies due are refunded within 45 days.

When situations of mitigating circumstances are in evidence, the academy may adopt a policy wherein the refund to the student may exceed the minimum requirements.

RETURN TO TITLE IV FUNDS

Return of Title IV (R2T4) calculations are performed by Bellus Academy when a student has received financial aid or has met the eligibility criteria for a late disbursement of federal financial aid and withdraws from a program. Bellus Academy is required to review the amount of financial aid received for the payment period in order to determine what percentage of federal financial aid the student earned. The percentage of federal financial aid determined to be unearned for the payment period must be refunded back to the appropriate federal financial aid program(s) as soon as possible but no later than 45 days from the date of withdrawal.

The law requires that when you withdraw during a payment period, the amount of SFA program assistance that you have earned up to that point is determined by a specific formula. If you received (or the school received on your behalf) less assistance than the amount you earned, you will be able to receive those additional funds. If you received more assistance than you earned, the excess funds must be returned. For the purpose of determining the amount you owe, you shall be deemed to have withdrawn from the program when any of the following occurs:

- a. You notify school of your withdrawal or the actual date of withdrawal;
- b. the School terminates your enrollment;
- c. You fail to attend classes for a 14 day period;
- d. You fail to return from a leave of absence. In this case, the date of withdrawal shall be deemed to be the last date of recorded attendance.

The amount of assistance that you have earned is determined on a pro-rata basis. That is, if you complete 30 percent of the payment period, you can earn 30 percent of the assistance you were originally scheduled to receive. Once you have completed more than 60 percent of the payment period or period of enrollment, you earn all of your assistance.

If you received excess funds that must be returned, your school must return a portion of the excess equal to the lesser of

- Your institutional charges multiplied by the unearned percentage of your funds, or
- The entire amount of excess funds.

If the amount paid is more than the amount owed, then a refund will be made within 45 days of withdrawal. If the amount owed is more than the amount paid, then you will have to make arrangements to pay it.

After the academy allocates its portion of unearned funds, the student must return federal financial aid owed in the same order specified above. The amount of federal financial aid the student is responsible for returning is calculated by subtracting the amount returned by the academy from the total amount of unearned federal financial aid funds to be returned. The student (or parent in the case of funds due to a parent PLUS loan) must return or repay, as appropriate, the calculated amount to any federal financial aid loan program in accordance with the terms of the loan; and any federal financial aid grant program as an overpayment of the grant.

Any loan funds that you must return, you (or your parent for a PLUS LOAN) repay in accordance with the terms of the Promissory Note. That is, you make scheduled payments to the holder of the loan over a period of time.

If you are responsible for returning grant funds, you do not have to return the full amount. The law provides that you are not required to return 50% of the grant assistance that you receive that is your responsibility to repay. Any amount that you do have to return is a grant overpayment, and you must make arrangements with your school or the Department of Education to return the funds.

Students are advised that they may owe money to the school if they withdraw, as the Institutional Refund Policy will apply for contract purposes

SATISFACTORY ACADEMIC PROGRESS POLICY

The Satisfactory Academic Progress Policy is consistently applied to all students enrolled at the academy. It is printed in the catalog to ensure that all students receive a copy prior to enrollment. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education.

EVALUATION PERIODS

The academy defines its academic year as 900 hours and 26 weeks. The evaluation points for Hybrid programs is the same as the corresponding Residential program. The student's first evaluation for Satisfactory Academic Progress occurs at the midpoint of the academic year or the program, whichever occurs sooner, based on actual hours as follows:

Transfer Students – Midpoint of the contracted hours or the established evaluation periods, whichever comes first.

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have had at least one evaluation by midpoint in the course.

ATTENDANCE PROGRESS EVALUATIONS

Students are required to attend a minimum of 75% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 75% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

MAXIMUM TIMEFRAME

The maximum time (which does not exceed 133% of the course length) allowed for students to complete each course at satisfactory academic progress is stated below. The maximum time allowed for Hybrid programs is the same as the corresponding Residential program. Students who exceed the maximum timeframe will be terminated from the program and thereafter will be permitted to reenroll in a program on a cash-pay basis in a manner consistent with the reenrollment provisions of the institution's admissions policy. The maximum time allowed for transfer students who need less than the full course requirements will be determined based on 75% of the scheduled contracted hours.

ACADEMIC PROGRESS EVALUATIONS

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the computer system will reflect completion of the practical assignment as a 100% rating). If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a written grade average of 75% and pass a FINAL written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

93 – 100	EXCELLENT
85 – 92	VERY GOOD
75 – 84	SATISFACTORY
74 and BELOW	UNSATISFACTORY

DETERMINATION OF PROGRESS STATUS

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. The academy is required to notify students of any evaluation that impacts the student's eligibility for Title IV funding. Students receive a hard-copy of their Satisfactory Academic Progress evaluation that must be signed at the time of the evaluation and kept in their student file if the SAP may affect their eligibility for Title IV funding. Students may request a copy of their SAP at any time from the Student Services office. Students deemed not maintaining Satisfactory Academic Progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

WARNING

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she may be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV funds.

PROBATION

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress during the probationary period, if the student appeals the decision, and prevails upon appeal. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may

be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds.

RE-ESTABLISHMENT OF SATISFACTORY ACADEMIC PROGRESS

Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period.

INTERRUPTIONS, COURSE INCOMPLETES, WITHDRAWALS, TRANSFER HOURS

With regard to Satisfactory Academic Progress, course incompletes, withdrawals and/or transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. A Leave of Absence and/or failure to return from a Leave of Absence may affect your loan interest rates and/or repayment timeline.

Students who reach the required hours for program completion but have not completed all assignments and exams are considered Incomplete graduates. No final paperwork will be released until all assignments and exams are completed. If students have not completed all requirements within 30 days of their last day of attendance, they will be deemed to have withdrawn from the program.

Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal. Please see your Financial Aid representative for more information.

APPEAL PROCEDURE

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the school on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed, and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable.

NONCREDIT, REMEDIAL COURSES, REPETITIONS

Noncredit, remedial courses, and repetitions do not apply to this institution. Therefore, these items have no effect upon the academy's satisfactory academic progress standards.

MASSAGE THERAPY

****Not currently offered****

Method of Delivery: Residential

SOC Code 31-9011 This program of study is based on the principles of Swedish massage that provide the solid foundation for other massage modalities to build upon. The minimum length of the program is 840 clock hours. The program length for the Day Schedule is 24 weeks and the Evening Schedule is 34 weeks. Bellus Academy massage therapy students are trained using the Beck methodology system, which utilizes verbal, written, visual and hands-on instruction throughout the classroom and clinic floor practicum. The program offers hands-on practice and theory generally presented in an alternating schedule so the theory portion is followed by hands-on demonstrations and supervised practice whenever possible. During a "Mock Clinic" phase students will refine their hands on skills, advance their knowledge and techniques to the next level, and build the confidence necessary for them to succeed in their new careers. Along with high-quality technical training students will learn career development skills such as client consultation, business tracking systems and marketing strategies, as well as receiving Financial Literacy training.

Course Objectives:

Upon completion of the 840-hour program, the student will have been fully trained, evaluated and approved of their technical abilities; and will have achieved or exceeded a 75% GPA for the academic (theory) portion of the program. Students must also achieve approximately 250 hours of hands-on practice that incorporates both classroom training and supervised clinic appointments. After graduation from the program, it is strongly recommended that our students take the Massage and Bodywork Licensing Exam (MBLEx), not yet required in Kansas, but to be prepared to meet future requirements.

Massage Modalities Studied:

Swedish; Therapeutic; Athletic/sports; Reflexology, Chair; Hydro-therapy/Heated Stone; Pre-natal/Infant; Aromatherapy; Trigger point Release; MET; Deep Tissue Techniques and Therapeutic Stretching. Massage students may be introduced to other modalities such as MLD (manual lymph drainage), Cranio-sacral Therapy or Acupressure, which would require more extensive or advanced training after graduation from our program.

Massage Theories Studied include:

Historical overview of Massage; Business; Ethics; Safety & Sanitation; Products and Equipment; Anatomy, Physiology, Kinesiology and Pathology; indications & contraindications for Massage; Effects & Benefits of Massage; Consultation; SOAP Charting; Requirements for Practice; Massage in the spa; Nursing home & Special needs clients; Business & marketing practices and Pathology for massage practitioners .

Units of Study:

The following units of study are established in our massage therapy program. Listed below the topics are the subject descriptions that incorporate all areas required by NCBTMB to apply for certification exam. Following the subject description section is a list of items/areas covered in each subject.
