

ESTHETICS HYBRID
SOC Code 39-5094
Method of Delivery: Hybrid

The Esthetics program is a 600-hour course of instruction designed to prepare students for initial licensure and entry-level employment in the field of skin care. This program meets the requirements established by the California Board of Barbering and Cosmetology for licensure and provides the foundational technical training and theory necessary to begin a career in the industry. The program length for the Day Schedule is 20 weeks, and the Evening Schedule is 24 weeks. Students are trained using a curriculum that incorporates verbal, written, visual, and hands-on instruction in both classroom and clinic floor settings. Instruction includes the development of core technical skills in facials, chemical treatments, hair removal, and makeup application, as well as foundational knowledge in health and safety, sanitation, and skin physiology. In addition to technical training, students are introduced to essential professional skills including client consultation, business tracking systems, financial literacy, and marketing strategies to support early career success. This program is intended for individuals seeking to enter the esthetics profession and establish a foundation for future growth and advancement within the industry.

COURSE OBJECTIVES:

The program is structured to ensure students gain the competencies required to:

1. Successfully complete the California State Board licensing requirements.
2. Perform esthetic services at an entry-level standard.
3. Demonstrate foundational client service, consultation, and professional personality skills.
4. Begin employment in a spa, salon, or related skin care environment.

METHODS OF INSTRUCTION SHALL INCLUDE:

- | | |
|--------------------------------------|--|
| 1. Lecture | 5. Video |
| 2. Teaching aids | 6. Demonstration |
| 3. Testing (oral/written) | 7. Role-Play |
| 4. Student participation in practice | 8. Online Theory using hardware and software to access content |

ESTHETICS HYBRID COURSE OUTLINE:

Pursuant to B&P 7364(b) the curriculum for a skin care course shall, at a minimum, include technical and practical instruction in the following areas:

Health and Safety:

Including instruction on hazardous substances, chemical safety, safety data sheets, protection from hazardous chemicals, preventing chemical injuries, health and safety laws and regulations, and preventing communicable diseases.

100

Board Approved Health & Safety Course (B&P 7389(a)):

Including instruction on hazardous substances, basic labor laws, and physical and sexual assault awareness.

Disinfection and Sanitation:

Including instruction on disinfection procedures to protect the health and safety of consumers as well as the technician and proper disinfection procedures for equipment used in establishments.

100

Skin Care:

Including instruction on chemical and manual facials and massaging, stimulating, exfoliating, cleansing, or beautifying the face, scalp, neck, or body by the use of hands, esthetic devices, cosmetic products, antiseptics, lotions, tonics, or creams that do not result in the ablation or destruction of the live tissue.

350

140

Hair Removal and Lash and Brow Beautification:

Including instruction on tinting and perming eyelashes and brows and applying eyelashes to any person and includes removing superfluous hair from the body of any person by use of depilatories, tweezers, sugaring, nonprescription chemicals, or waxing, or by the use of devices and appliances of any kind or description, except by the use of lasers or light waves, which are commonly known as rays.

GRADING POLICY:

Bellus Academy's course provides education and training in the areas associated with skills needed to graduate that are measured by course objectives. The academy offers theory instruction in both an asynchronous (progress is virtually tracked and monitored by an instructor that engages with the student on an individual basis) and synchronous (students and instructors interact with specified start and end times) distance education formats using electronic media. These delivery methods via distance education provide the same training as in a residential format. The school

maintains complete records on each student or graduate for reference as required by the State. All students receive a complete theory and practical test after each section of the program has been completed. Individual tutoring, if needed, is available in preparation for the state exam. Grading to evaluate learning objectives via distance education theory is primarily through tests. Each student is graded on their theory and practical work, attendance, appearance, and attitude. The grading used is as follows:

93 – 100	EXCELLENT
85 – 92	VERY GOOD
75 – 84	SATISFACTORY
74 and BELOW	UNSATISFACTORY

Written progress reports are maintained by the Academy. Students receive progress reports that must be signed and kept in their file at least two (2) times during their program. Informal progress reports are distributed monthly and are available on the Bellus App so students can keep track of their progress. Additional progress reports may be issued to students as requested or on an as needed basis determined by the instructor.

OCCUPATIONAL TITLES

Graduates will enter the field as estheticians, sometimes known as facialists or skin care technicians.

CLASS AVAILABILITY

Classes are conducted, in residency and online, Monday through Friday from 9:00 am to 3:30 pm for day students and Monday through Friday from 5:00 pm to 10:00 pm for night students. Coursework that is delivered through distance education is completed at a location determined by the student. Please see the Class Start Calendar in the Catalog for Start dates.

REQUIRED TEXTS AND ACCESS

Hardware and software to access Pivot Point LAB digital textbook for Esthetics and Workbook; included in the kit cost.

LANGUAGE

The course is conducted in the English language.

INSTRUCTIONAL MATERIAL *is updated periodically and includes textbooks and equipment required for successful completion of the program.*

When the kit, its contents, and the textbooks have been issued to the student, they become the financial and personal responsibility of that student. Kit supplies may vary due to manufacturer availability.

Note: The academy provides sufficient supplies and informational material to each student to reinforce their learning. Such materials are issued based on instructional subject areas.
